MIKE BROTHILL 84-85

To Mike a very  
sweet guy I  
have enjoyed you  
in my class. Good  
luck with your  
band!

Love always  
stay cool!  
Rena

Hi Mike,

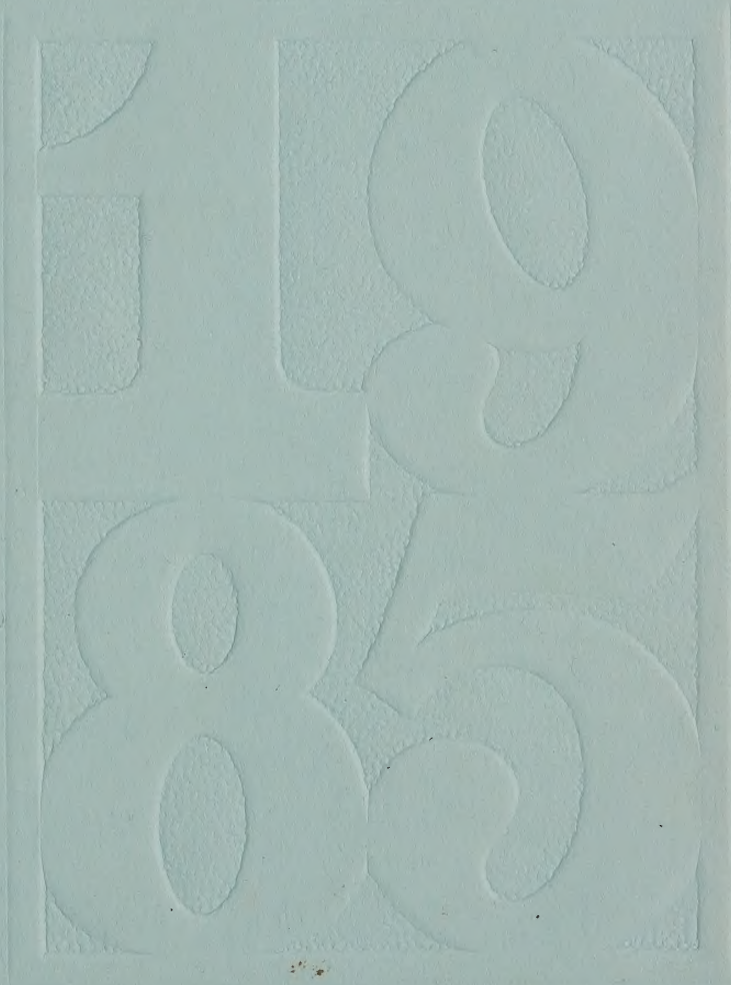

I glad we got  
to be friends  
this year! It  
has been a trip  
in Mr. Hoover's  
class. (I love when  
he gets mad.)

Good luck in  
the future and  
always!

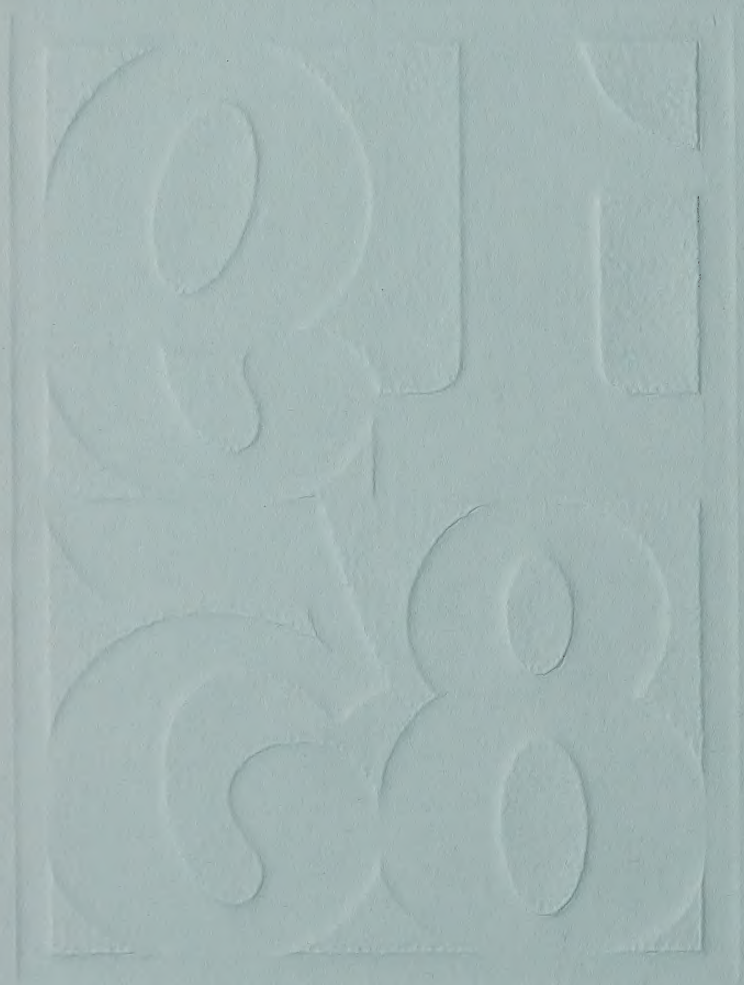

Love ya  
Theresa

Mike,  
Hey! This year  
has been great!  
Thanks for taking up  
for me with all this stuff  
that's going around school.  
People are so stupid! Sorry you  
won't be here next year, I'll miss you!  
Keep in touch & good luck at St. Vincent's.  
See ya this summer!  
Love ya!

# Kaleidoscope 1985

Funds and materials for a school sign were provided by the S.C.A., Class of 1984, Key Club, and Bogese Construction. Now, students and citizens of Hopewell can know at a glance what is happening at H.H.S.

**John Chevalier**, President of the Hopewell Key Club and a part of the Virginia Delegation, attended the National Key Club Convention in Ft. Worth, Texas.

**Steve Taylor and Greg Sisson** received certificates from the McDonald Corporation for auditioning for the 1984 McDonald's All American Marching Band.

Two students from H.H.S., **Susan Rozamus** and **Cliff Parson**, attended the 1984 Governor's School for the Gifted. This school was held at Mary Washington College. **Martine Collins** was

chosen to attend the Governor's School Interest Center. This program was conducted in Richmond at The Math and Science Center.

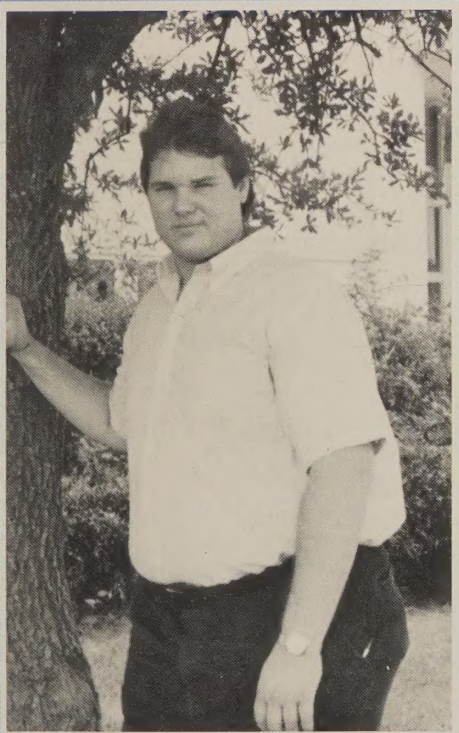

# To Excel!!!

**Richmond Area Program for Minorities in Engineering**, chose six students from H.H.S. to participate in a summer program held at Virginia State

and J. Sargeant Reynolds. **Jessica Bradley, Larelle Kelly, Michael Mahan, Kirk Jones, Keith Hayes** and **Hertch Brown** attended a six week session.

**The Hugh O'Brien Youth Foundation Leadership Seminar** was attended by **Scott Suddarth**. This seminar was held at Ferrum College.

**The Urban Journalism Workshop**, sponsored by Dow Jones, the *Richmond Times Dispatch*, and *Richmond News Leader* was attended by **Arnita Hayes** and **Katrina Hayes**.

Students are expected to attend school, do their classwork and homework and possibly join an extra curricular activity. Students come to school from September to June because that has been the planned activity since the age of six.

There are students, however, who desire to expand their knowledge by taking advantage of activities which are not a part of the regular school year. These students give up summer vacation to attend workshops, seminars and conferences. By attending these meetings, students increase their over-all knowledge, visit new and interesting places and make long lasting friendships. Through their efforts, they have made their lives "A Shade Above the Rest."

# Homecoming

## 1984

**Blasting out the sound** from the mellophone is James Lewis.

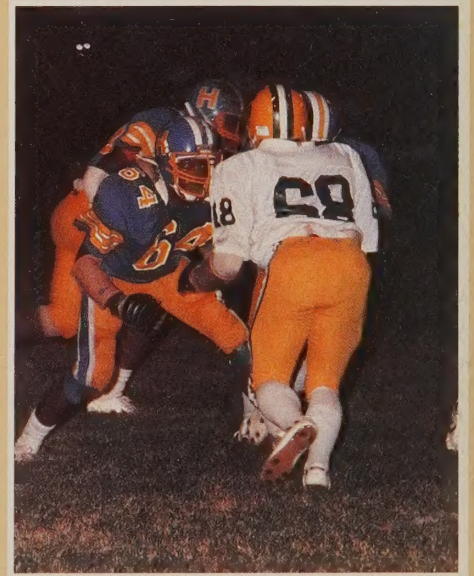

**Homecoming Queen**, Kathy Nicely, is escorted onto the field.

**HHS Marching Band** drum major, Michael Humphries.

**Kim Wilson tosses** miniature footballs to the crowd.

**"You ain't going nowhere,"** says Devil, Shawn Jamison, to a Royal.

This year's Homecoming, October fifth, was truly a homecoming for the Blue Devils, for the fans, and for the alumni. Due to unsafe bleachers, the first two home scheduled games had to be played at the visitors' field. When it was announced that the new bleachers would be ready for use by Homecoming, the football fans of Hopewell were ready to return to Merner Field.

Homecoming was celebrated in a number of ways. The students at H.H.S. began the

festivities with contests each day, hall decorating on Thursday and a pep rally on the day of the game. The festivities continued into the evening with the ribbon cutting ceremony to dedicate the new bleachers and the presentation of the Friendship Cup. This cup is presented on alternate years to H.H.S. and Prince George High School. This exchange from one hand to the other signifies the bond of friendship between the rival schools.

Another highlight of Homecoming was the

presentation of the Homecoming Court. Each year, this court is chosen by the individual classes and the senior class votes on the Homecoming Queen. Miss Tonya Johns was crowned by last year's Homecoming Queen, Miss Kathy Nicely.

To put the finishing touches on a perfect Homecoming, the Blue Devils defeated the Royals 21-6. After the game many of the H.H.S. students and alumni, home from college, met at the annual Homecoming Dance, sponsored by the S.C.A.

H.H.S. band members salute as the National Anthem is played before the game.

The coin toss was all the Royals won that night!

Homecoming Queen 1984, Miss Tonya Monique Johns.

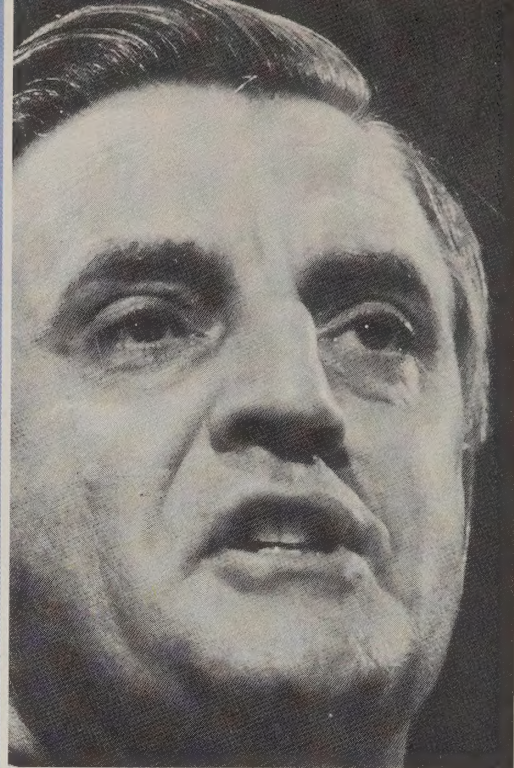

**New friends.** Hilda Traina, Steve Taylor, and Riley Ingram help to present Prince George with the Friendship Cup.

**Making history.** Geraldine Ferraro is the first woman to run for Vice President of the United States.

**Walter Mondale** is the Democratic candidate running for President.

## Changes in Our Community

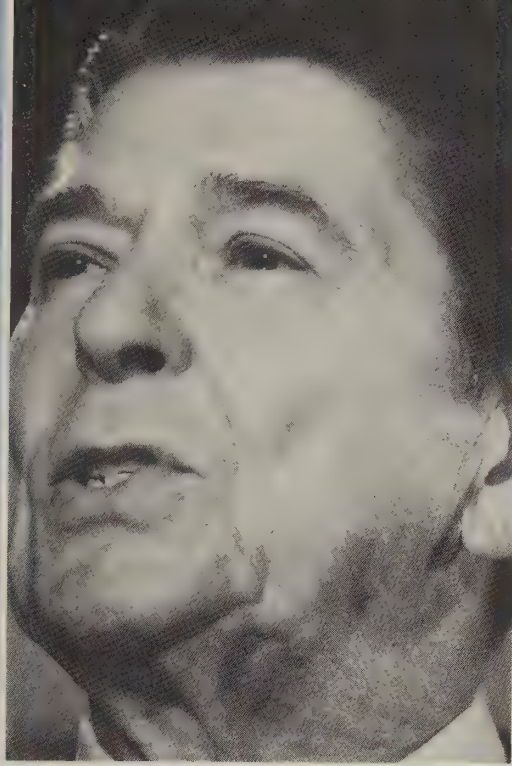

**The sky is falling!** The tornado that hit during the summer caused major damages.

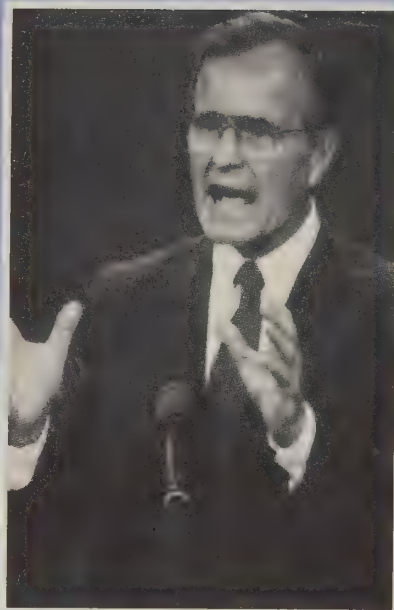

**The gang's all here.** During Hooray for Hopewell, the kids at the high school all turned out.

**President Ronald Reagan**, Republican, fights to keep his office.

**Vice President George Bush** is the running mate to Reagan.

**Look what we discovered.** Hopewell added the "Discovery" as a tourist attraction.

## Happenings in Our Nation

**We're changing things!** The city is planning on building a hotel downtown.

The community and nation in which we live are changing daily. These changes are evident in the news we hear, see, and read through a vast number of media techniques.

In Hopewell, plans are being made to give our city a facelift. A new hotel is planned for the downtown area, an outlet mall is planned for the old Firestone Plant, and a cruise line has started cruises down the James River. Repairs have been started for the colonial ships, the Godspeed and the Discovery, and these ships will join parts of the history of our community.

On the national level, 1984 is an election year with the forty-first president being chosen. This election year marks an important date in history because for the first time in the United States, a woman is running as a vice-presidential candidate for the Democratic Party.

The students of H.H.S. are a vital part of the community and the nation. The contributions that these young people make are important to their school, to their city, and hopefully one day, to their country.

## Graduation '84

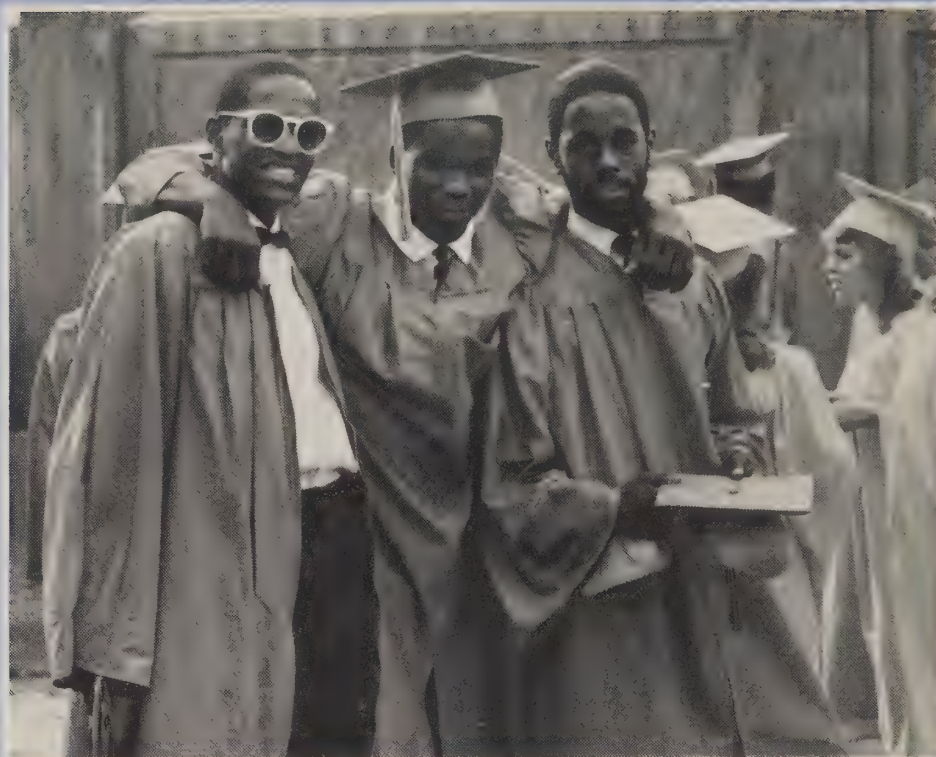

"What lies behind us and what lies before us are tiny matters compared to what lies within us."

Senior Class Motto

In the years past, the seniors of Hopewell High have always known that they would graduate at Merner Field, weather permitting. The Graduating Class of 1984 was unsure of where they would receive their diplomas because the bleachers had been condemned from further use. Seniors spent the last few months of the school year looking for a place to graduate and as the event came closer, it was decided to make arrangements to use the field once again. With the effort from the administration and the senior class, the Class of 1984 would also join sixty-eight other graduating classes on the lawn of Merner Field.

**It's celebration time for** Aaron Goode, Melvin Hunt, and Steve Greene.

**Graduation is a parting moment,** but not for Tami Sober and Soraya U.

**H.H.S. band members** warm up their instruments for "Pomp and Circumstance."

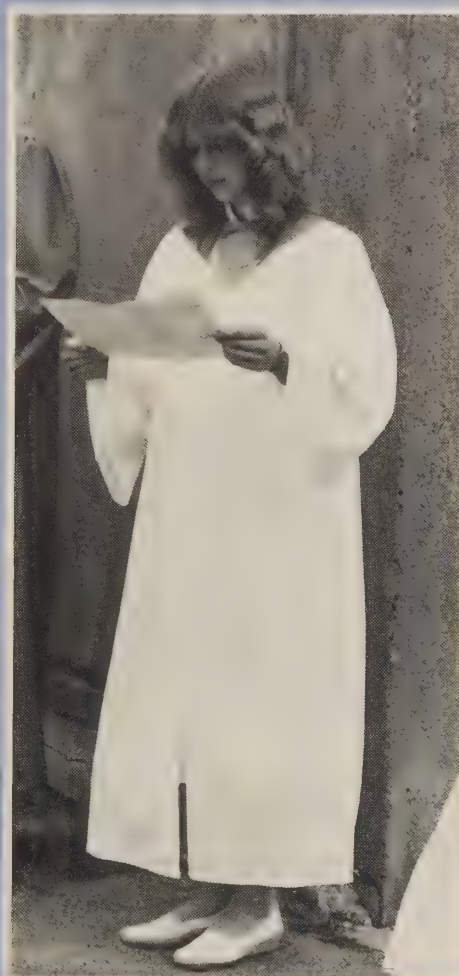

Because the bleachers were unsafe, chairs had to be carried in for parents and visitors. Nine-hundred chairs were brought in on trucks and placed on the field by the administration and staff. As the seniors heard "Only You" sung by Jay Hays and speeches made by the S.C.A. President — Carmela Ousey, Class President — Yvonne Brown, Salutatorian — Yvette Brown and Valedictorian — April Sculthorpe, they realized that the time was drawing near. The time when the 1984 Senior Class would part — some with tears; others with thoughts of the past and what was ahead for the future.

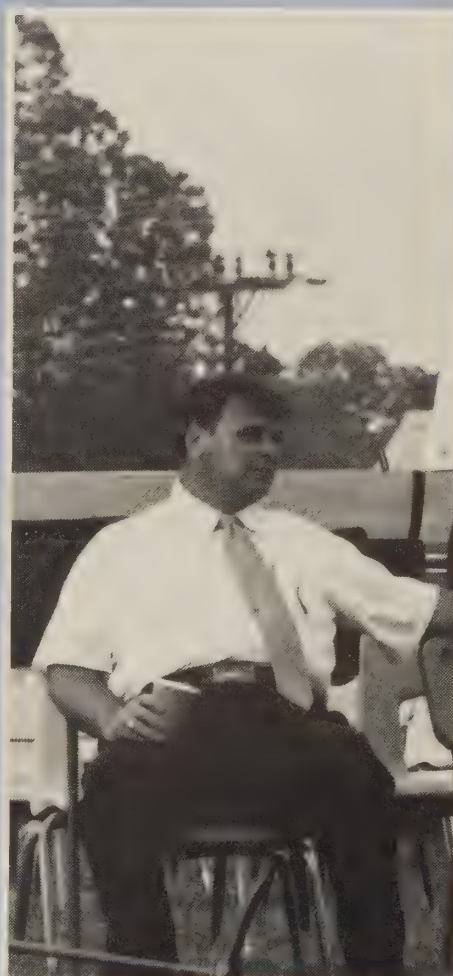

And the winner is . . .

**As president of the S.C.A.,** Carmela Ousey says her last goodbye.

**Anticipating next year's graduation?** Martine Collins waits to lead the seniors on the field.

**"Are we done yet?"** Mr. Daniel takes a break after setting up chairs on Merner Field.

If you are a True Blue Devil Fan, the only place to be on a Friday Night is supporting the "Mighty Devils." Students began gearing up for the big game of the week by seeing who can buy the most boosters and who can yell the loudest at the pep rally.

As students leave school at 2:45, some by bus and some by car, plans are already being made. "Who are you going with to the game?" "What are you going to wear?" "Are you going to the soc hop?" All these questions and more are leading up to the "big event."

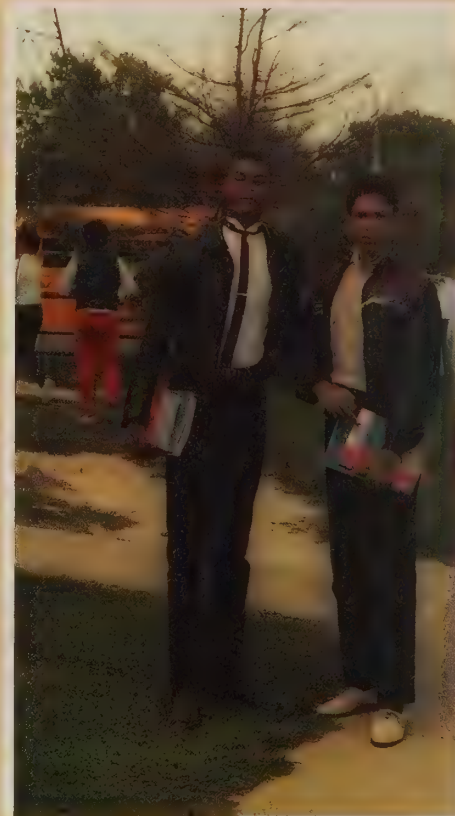

Fans start pouring into Merner Field as early as 6:00 p.m. to insure their fifty yard line seat. On occasions, the "big game" has drawn as many as 5,500 plus. These fans range from the youngest supporter to the long-time alumni. Students cheer and the time clock moves on. The hope for a victory is at hand.

After the game, fans go their own way. Many of the students plan to attend one of the club sponsored soc-hops held in the H.H.S. cafeteria. Crowds of students are squeezed together as the DJs play the latest hits and the students show their fancy footwork. After the dance, it is on to Hardee's, McDonald's, . . . and home.

"If you are riding with me, let's go," says Patsy Marshall.

Let's give a cheer for the Devils, V-I-C-T-O-R-Y!!!

The bus awaits Carl Daniels and Randy Monroe as they make their 2:45 departure.

## A Typical Fall Friday Night in Hopewell

**Butterflies in the stomach** are always present on Friday night to all those who hope for a win.

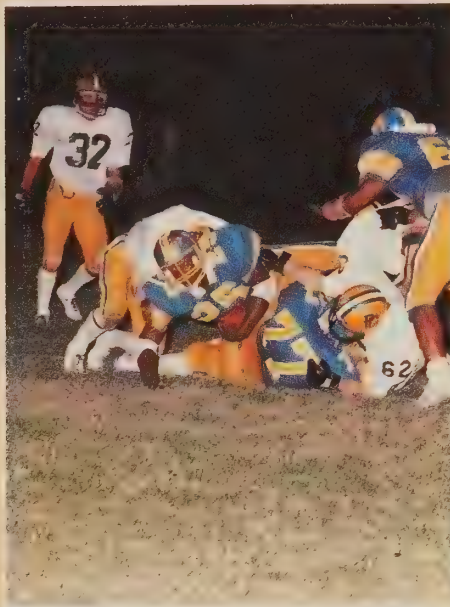

**A full house** is common at Merner Field on Friday night.

**It's hard to hold** down a "True Blue Devil."

**Students relax between dances** of the after-game soc-hop.

**Hanging on the edge** with excitement is Glenda Bryant.

**Crowds pack H.H.S. cafeteria** for after-game bash.

# We Got That . . .

**Hat day contestants,** Sheila Ridout and Christy Jones, wait for the judges' decision.

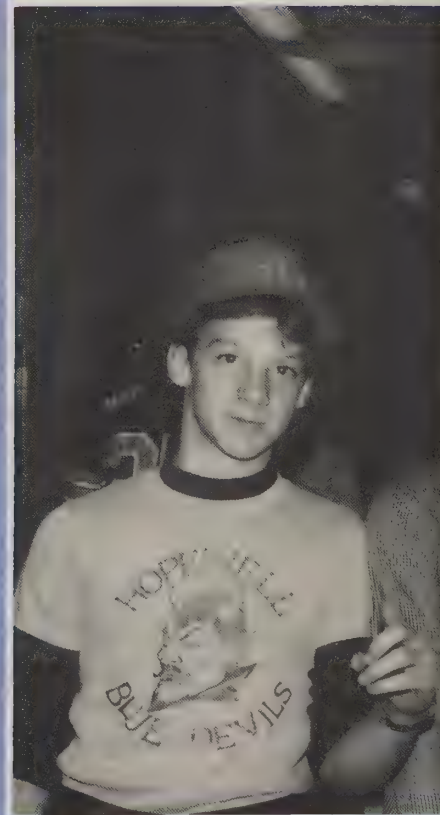

**"Boo" Bogan takes the sun** out of hat day with his umbrella creation.

**Deborah Rose, Tammy Daniels, Julia Bailey and Stephanie Muise model their latest creations.**

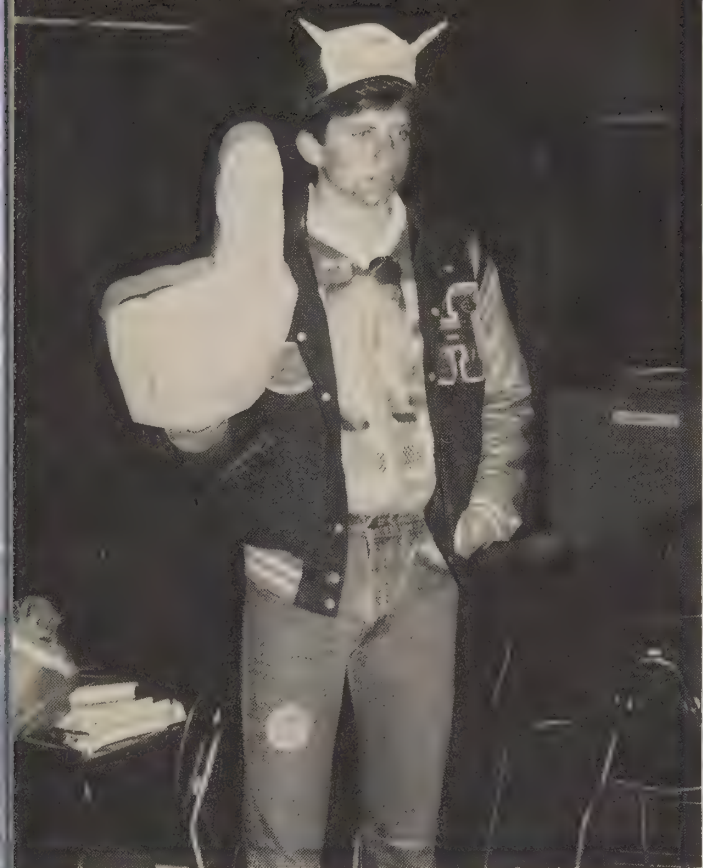

**Some days are worse** than others for getting your head on straight.

# Spirit!

**Football trainer**, Greg Hash, shows his blue and gold spirit off the field as well as on.

**Taking a break** from decorating the Freshman Hall, Rachael Hays daydreams for a moment.

**Devil Spirit** comes in all shapes and sizes.

**The Seniors plan** on beheading the Royals at the Homecoming Game.

# Excuse Time

After three years at H.H.S., seniors know every excuse in the book.

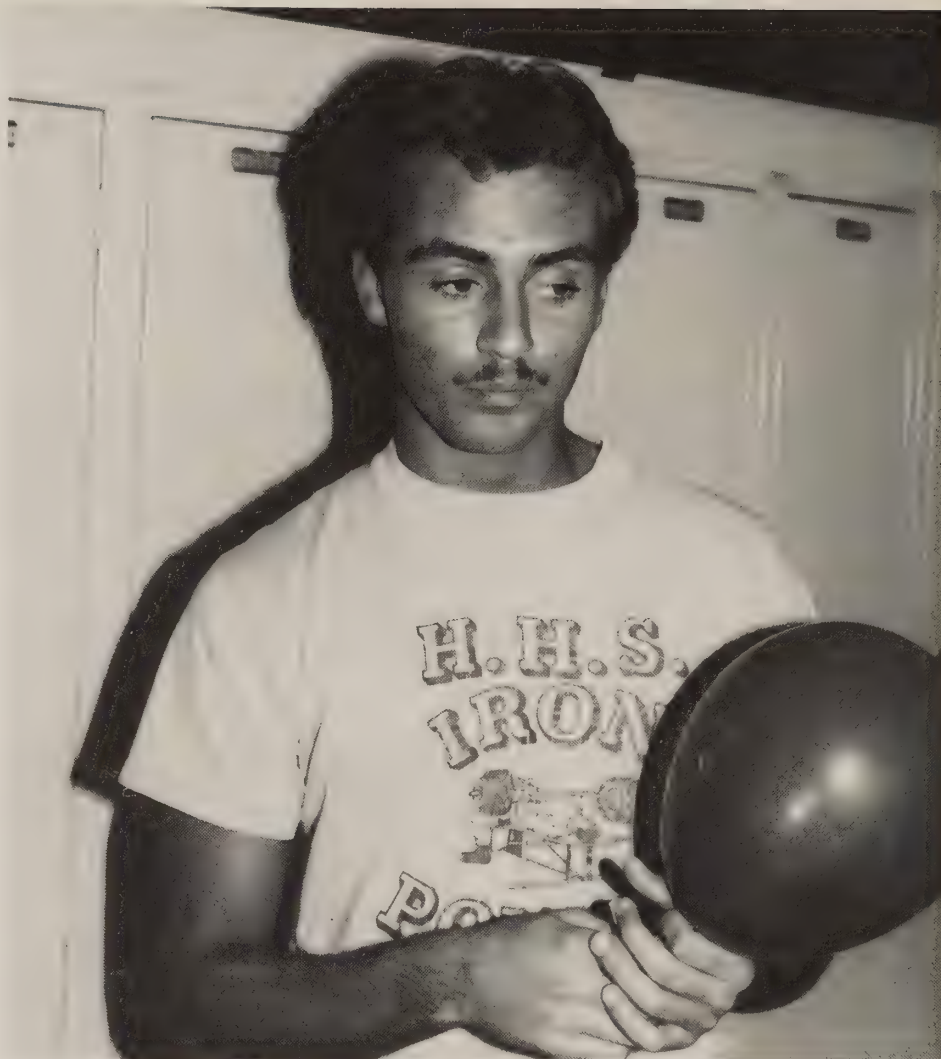

What happened to your homework?

- My dog ate it.
- My mom threw it away.
- My baby sister scribbled on it.
- I couldn't finish it because my grandfather died, for the fifth time.
- I honestly did it, but I left it at home.
- I forgot!

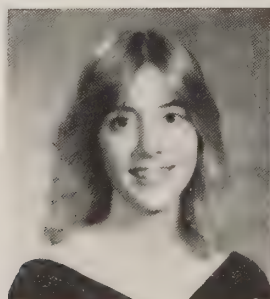

I know this is my seventh tardy, but . . .

- Somebody hit my car on the way to school.
- I'm not allowed to ride the bus anymore.
- The train kept me.
- I had to go to the bathroom and the door was locked.
- My locker was jammed.
- I had to sell a candy bar.
- I had to kiss my boyfriend!

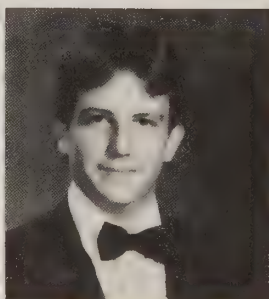

Reflections of senior activities go through David Williams' mind as he helps decorate the senior hall.

## Cheers from '85 are loud and strong!

Seniors do not lack excitement when it comes to pep rallies. After three years of experience the seniors have finally mastered all the cheers and routines involved. The only football pep rally held this year was in honor of Homecoming '84. The class of 1985 displayed their spirit by winning the traditional spirit stick and the spirit link contest. Using the theme "Devil's Dungeon and Victory Land," the seniors also placed second in the hall decorating contest sponsored by the SCA. Seniors obviously set the example of school spirit at its best.

The seniors get fired up for the Homecoming game.

# Hooked on America

Baseball, hot dogs, apple pie and Junior Miss; all these represent that All-American feeling. "Hooked on America" was used as the theme for the annual Hopewell-Prince George Junior Miss Pageant. Each year this contest is sponsored by Hopewell Pageants Incorporated and senior girls are invited to participate. The winner of the contest continues on to the Virginia Junior Miss and hopefully goes on to the nationwide contest.

Contestants are required to perform in five judges' interview, scholastic achievement and physical fitness. Scores are given in each category and tabulations are calculated to determine the winner.

Hopewell was proud to have seven contestants in the 1984-85 contest. The talent demonstrated by these young ladies ranged from dramatic reading to a demonstration of artistic ability in the form of drawing and painting. The girls that entered the contest demonstrated their physical fitness by performing in a dance routine and they displayed their poise and appearance by modeling evening attire.

The girls participating enjoy the fellowship and work that goes into a contest such as this and when the winner is announced, all the effort of the previous weeks seems to be worthwhile. For the winner it is on to the statewide competition and for all those who were involved it is time to put this experience behind and go on to other activities.

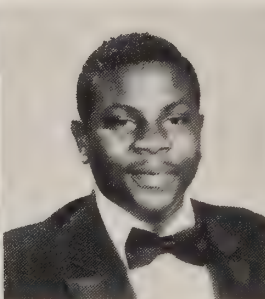

**Hopewell's Junior Miss for 1984** was Rea Papanicolaou with Lisa Hartsell as first runner-up and Martine Collins as second runner-up.

## Brain Power — Muscle Power

"A strong mind and a strong body" has been the slogan for many years in the field of education.

Many students at H.H.S. work diligently in their classrooms to have a strong mind. They apply themselves daily to make the best grades, to learn new and important facts and to develop their minds to their full potential.

There are also a number of students that work hour after hour building their bodies. Making their bodies strong and agile as they run, students lift weights, practice an organized sport or train for their own self satisfaction.

When students combine their school work and their physical training, most find that these two strengths help to make an all-around mentally and physically fit person.

# Senior Class Recognizes Senior Superlatives

Each year the senior class chooses one girl and one boy who best fits the given categories. These students will be remembered for the distinct personalities they portrayed. Much care was put into choosing these students, for they are the people who will be looked at in years to come. These are the people who stood out and made their impressions on the senior class.

**Cannot keep quiet . . .** Debbie Slusser and Marc Miller are the most talkative.

**36-24-36 hike!** . . . Gina Potter and Don Stokes are the most athletic.

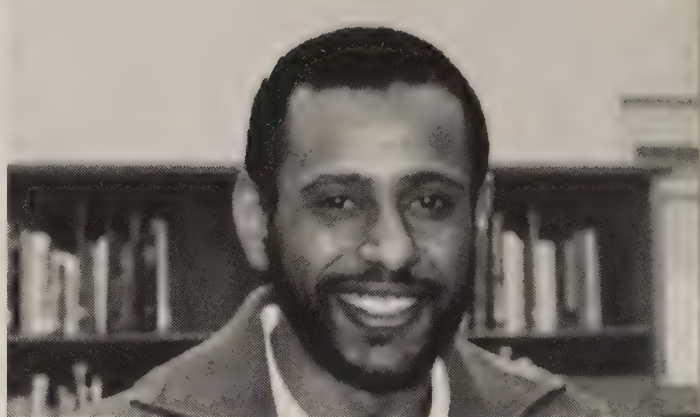

**Simply insane . . .** Deena Garrett and Glenn Mazzei are the class clowns.

**Looking good . . .** Cindy Strong and Lanny Hartsell are the most attractive.

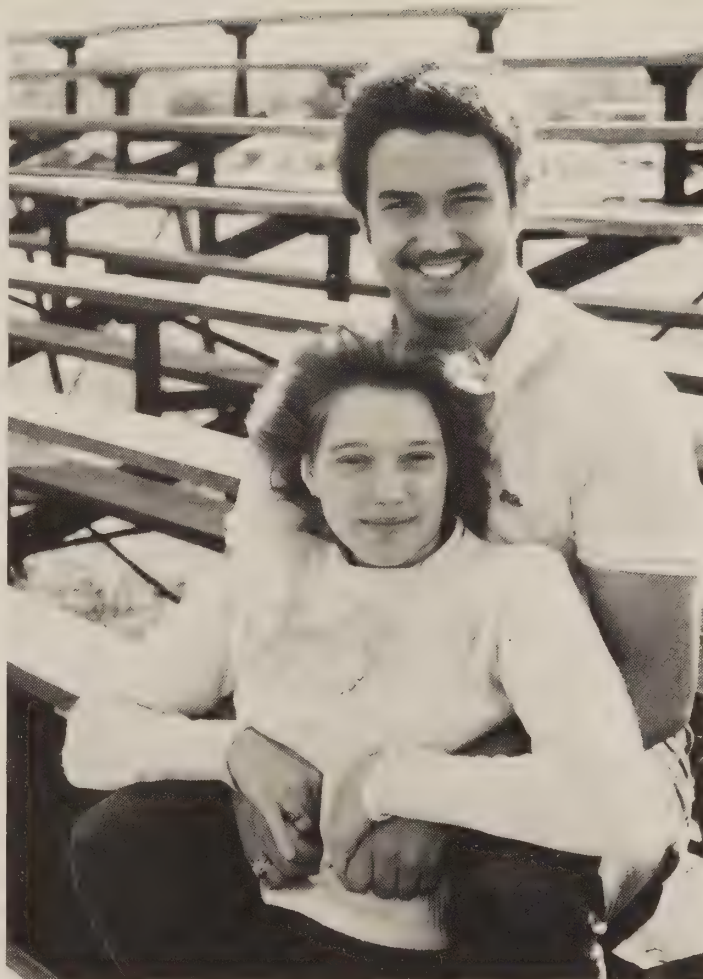

**They're tops . . .** Mr. Walter Broner and Mrs. Betty Williams are the seniors' favorite teachers.

**We like EVERYBODY . . .** Mark James and Karen Tidwell are the class flirts.

**They'll go far ...** Martine Collins and Lam Ha are most likely to succeed.

**Looks like forever ...** Billy James and Bonnie Burney are the senior class couple.

**Let's go Blue Devils!" ...** Linda George and John Martin are the class's most school spirited.

**'See No Evil, Speak No Evil, Hear No Evil'** — just having a good time is Crystal Hines, Jill Maddux and Tami Miller.

## Good times!

Friendships made in school are special and often times these friendships continue long after graduation.

Classmates work together on school projects, study together, and help each other in tight situations, (homework, for example.) As students work together, friendships often materialize and these friendships extend to personal activities. Slumber parties, pizza parties, riding around town, and sharing secrets often occur as friendships become more sound.

School has been the deciding factor for many years in bringing together special people that develop special friendships which in most cases are long lasting.

# It's Tough Being Good!

All of the students were asked to be on their very best behavior while the Visiting Committee evaluated our school. It was a great relief to be able to behave normally again and know our school passed. We all needed a day to recover from our extra good behavior, so they gave us the following Monday off. (Not really, it was a teacher work day.)

**Kevin Szafranski, please make sure** Chris Martin stays awake while the Visiting Committee is here!!

## Typing Can Be Fun!

As children, one of the more exciting events in a day would be to find a typewriter not guarded by an adult. We would jump up in the chair and start hitting every key in sight. Usually before long, all the keys would be jammed and then we knew we were in real trouble!

As young people entering a typing class for the first time we now can type without fear of being caught. Hour after hour we sit and type, practicing, practicing, practicing!

Learning to type without looking at the keys, learning to type with accuracy and learning to improve our speed. We wonder why it use to be such fun when we were little and now it seems like work!

**"Place your hands on the home row, ready begin typing."**

# William Tell, We're Not!

"I shot an arrow into the air, it fell to earth, I know not where."

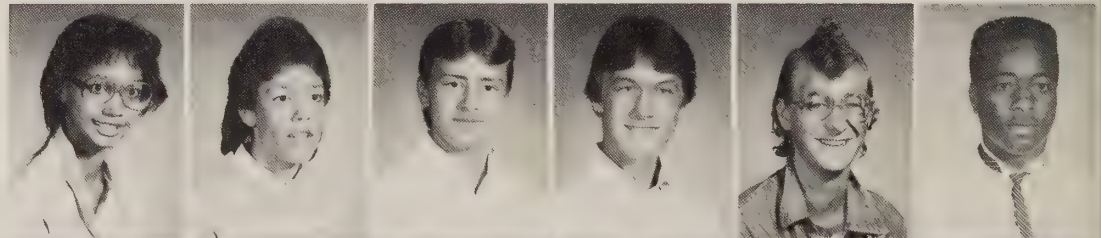

Henry W. Longfellow

This quote from Longfellow relates the feelings of many tenth grade girls that take archery for the first time. After being instructed in the proper way to place an arrow on the bow and eye the direction it is to be shot, the arrow is released. The goal is to hit the bull's eye or at least the hay surrounding the target. Most attempts at firing away prove to be fruitless. Arrows go far away from the intended target and another attempt is made. When the commands of: Stance — Nock — Aim — Release — Retrieve — are made the class once again shoots for the target and hopes for the best.

**Tenth grade girls get a chance** to show their shooting skills in archery class.

## Up! Up! and Away!

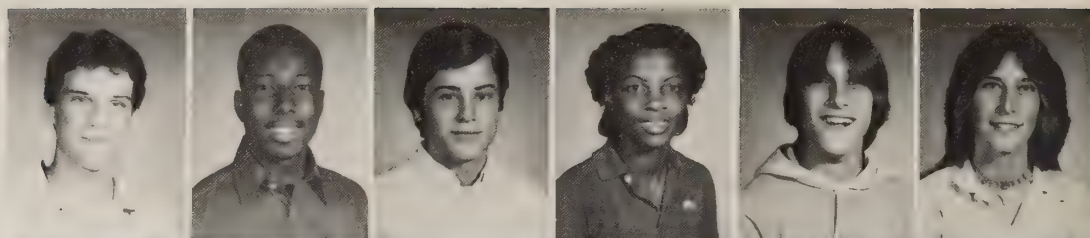

In the course of a school year there are numerous times when a balloon has to be used. Balloons are blown up in science class, they are inflated to celebrate a birthday, they are enlarged for a dance and they are popped to draw attention.

Red, yellow, blue and green balloons adorn the tables and walls of various dances and are sent to people that need a little lift. Helium balloons are quite popular today and often times the halls of H.H.S. are filled with these floating objects of cheer. Balloons seem to always add a little excitement and joy to the people that come in contact with their whimsical, floating motion.

**After fifty balloons**, you definitely become a little "light-headed" says Sandy Blaha.

## Frosh Spirit!

School spirit starts when you enter the doors of HHS as a Freshman. Freshmen learn quickly that competitive school spirit between classes is a major part of the high school scene. Classes show their spirit at pep rallies, spirit week contests, and the support of school sales. As Freshmen, it takes a little while for the spirit to begin growing but as the first year passes, each new class learns what it really means to be a "true blue" devil with spirit.

Watching for the big play is Greg Gilbride and Kim Armstrong.

# Wish I Had Wheels!

Getting home from school can pose a problem for a number of people. You can walk home — that's fine until one day it rains, is extremely cold or blistering hot. You can ride the bus if you do not mind the cigarette smoke, people yelling in your ear, or being squashed because there are more people than there are seats. If you have a car, there is usually no problem, until your battery dies or there is no gas. One of the best ways to get home is receiving a ride from friends or relatives.

Freshmen know what it is like to have the problem of a lack of wheels. They are not old enough to drive so they must prevail on what ever kind person they can find for a ride to or from school. After school, on any given day, you can find the "lowly" Freshman begging a ride from a friend that has wheels.

**Just hanging around after school** waiting for a ride home is Sophie Savidge.

# Umm! . . . Umm!

. . .

# Good!

Pizza day is always the most popular day to buy lunch at HHS. Student lines seem to grow twice their size when the favorite meal of the week is served. You hear students asking others closer to the front of the line to buy extra pieces and you see money being borrowed to purchase that favorite "American" dish. Pizza is considered Italian in origin but the truth of the matter is that it originated in Spain. This favorite has found a home in the states, however, and especially in the HHS cafeteria.

## Shut the Windows, and Turn Off the Lights!

The city fire department in compliance with state regulations require public schools to have a fire drill at least once a month. When the bell sounds for these drills there is always a little excitement. You hear teachers shouting last minute directions as windows slam and lights go off. Gradebooks are grabbed and students begin to file out. No sooner than everyone gets out of the school the return bell sounds. Students and faculty begin filing back into the building and soon the classrooms settle down once again.

**Returning to the building** after the monthly fire drill is Ricky Dunaway and Angie Powell.

## District Rally in Hopewell . . .

The Ninth District meeting of the Distributive Education Clubs of America was hosted by the Hopewell Club on October 30, 1984. Eight out of the ten clubs were represented with a total of 300 attending.

Each club was represented by their officers and advisors along with elected delegates. These students attended a formal meeting in the HHS auditorium where a movie and a lecture were presented on drunk driving. After this presentation, four representatives from James Madison University, Virginia Commonwealth University, Old Dominion University, and Virginia State University told about their institutions and what was offered in marketing education.

At the end of the meeting students were treated to a dance in the cafeteria. The Hopewell Club provided refreshments for the dance and "Starfire," a local disc jockey group, provided the music.

**DECA members show their community support** by helping get one of the public parks ready for the

annual Hooray for Hopewell Festival.

## Company Is Special . . .

For the past nine years the Student Exchange Service of Hopewell High School has been one of the largest clubs. Many students have become interested in the Foreign Exchange Program. Each summer students from HHS travel either to England or Germany. In return the Foreign students arrive in the Fall.

Students make many new friends that will be long remembered. Many students return to the country visited for a friendly reunion.

Easy come easy go says Fiona Fergusson.

# Theatre Ensemble

## They Are Fun, Witty, and Love Acting!!

One of the special classes offered at Hopewell High is the Theatre Ensemble. This class is set aside for eleventh and twelfth grade students that have had at least one year of drama and pass an interview based on theatre production. These students meet daily and are involved in all aspects of theatre. The class studies the early theatre, theatre construction as well as prop, costume, and scenery design.

Each year, this class, involved with outside community help, brings a major production to the school. This production is often times a play that has appeared on Broadway and is made to conform to the facilities offered at HHS. In 1984, the school and community were treated to two evening performances of "Ten Nights in Barroom." This comedy was presented entirely with a student cast. Theatre goes delighted in the witty performances of the student actors and enjoyed the musical contributions included in the play.

"Would you like a refill, sir?" asks bartender, B Hagee to Tim Smith.

Theater Ensemble creates a take off on student and faculty personalities.

# We Come to School Because . . .

With the number of activities and unplanned events which occur during the course of a school day, it may appear that often times students lose sight of the main purpose of school. If a brief review is made of the curriculum offered at Hopewell High School one may be quick to note, however, that what takes place in the classroom is the number one priority of the day.

Students enjoy the choice of a varied number of courses of study and challenging electives. For the first time Hopewell High, along with three other schools in the state, have adopted a seven period day. This plan enables students to enjoy classes that would not have been available before.

Vocational classes, such as Auto Mechanics, Electronics, and Distributive

Education, work with students that desire to enter marketing and trades after graduation. Classes such as Advanced English, History, Calculus, and Fifth Year Languages are designed for the students who excel in the academics. Classes such as Art, Art Appreciation, Choral Ensemble, Music Appreciation, Instrumental Band, and Drama are provided for students that

enjoy a creative interest.

Students are made aware that they must meet the requirements of the state and the local school board in order to graduate. Students who desire to earn that long awaited diploma in June often time must put aside extra curricular school activities to concentrate on classroom problems. After all, the most important part of

school is not the Friday night game, the after game soc-hop or who is taking whom to the Junior-Senior Prom. The important goal placed in front of each and every student is to meet the requirements for graduation and have adequate knowledge to establish a place in the community.

Presenting the 1st Runner-up Ribbon to Becky Littlepage is 1984 Sophomore Sweetheart, Ameta Northington.

## Sophomores Enjoy Their Own Special Evening

The month of February has been known for a good number of years as heart month. This month of love and romance is a most appropriate time to hold the annual Sophomore Sweetheart dance.

"Almost Paradise" was chosen as the theme for the dance and this theme was carried out in a most decorative way. Pastel flowers in pink and white were used to adorn the tables and the walkway. Large hearts and pastel colors were placed on the walls and pink and white streamers decorated the ceiling. Students enjoyed taking their pictures behind a backdrop of pastel hearts in the shape of a rainbow.

To highlight the evening, the Sophomore Sweetheart Court was presented. The class voted prior to the dance for Sophomore Sweetheart.

**Flag and banner carriers** always precede the HHS marching band.

**Twirling her rifle** to the beat of the music is Heather McFarland.

**The best brass sound in Hopewell** comes from the band's brass section.

**Drum solos** by Steve Taylor have become favorites at pep rallies and assemblies.

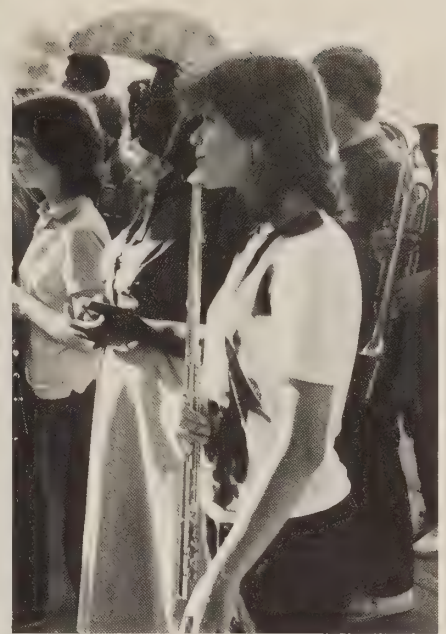

## Entertainment at its Best

Joining a high school band is the dream of many youngsters. When the first note is played on the trumpet or the first beat comes from the drum, excitement is created. Years are spent in elementary school bands as well as private music lessons. Hours of practice add up to qualified musicians seeking to demonstrate their abilities.

**Cheered on by the crowd, the pep band breaks out with a rousing sound.**

**Hours of practice** start in mid-summer to prepare for the marching band's first game performance.

**Controlling her flag** in a strong wind is Carol Reech.

**Students enjoy an exciting assembly** presented by the various HHS bands.

**Behind the scenes,** band members spend hours perfecting their music.

At the high school level, interested musicians have the choice of participating in a number of band related activities. One can join the intermediate band, the jazz band, the marching band or the newly formed pep band. One can also continue developing their musical skills by being a part of the advanced band.

Just as some students dream of playing

an instrument, other students also vision themselves as majorettes, flag bearers or as a part of the rifle squad. Many of these students began taking dancing lessons, acrobatics, and baton at an early age in order to prepare themselves. They add color and give a dramatic flare to the band's performance on the field. These students move to the rhythm of the music and the

combination of music and motion delight the spectators.

Bands have for many years provided enjoyable times at games, concerts, and school related events. The HHS bands whether on the field or at school always present programs of entertainment that are enjoyed by all.

## Seniors Hustle and Bustle

The Christmas holidays are a very festive time of the year. With the hustle and bustle of shopping comes the annual Senior Dance for the Class of 1985. The dance was accompanied by a D.J. from Q-94 and the popular "Q-Zoo" surprised the seniors with a visit. The dance, held five days before Christmas, projected the spirit of Christmas through the decorations.

This event starts off one of many that the active seniors will participate in throughout the year. The festivities of graduation are not far off for the Class of '85.

Where's my date?"

The night can be twice as fun when you double date.

Some people have as much fun off the dance floor as on the dance floor.

When the posters go up to advertise for acts for the annual school talent show there always seems to be a number of unknown talents waiting for a chance. One week before the show, auditions are held and from the auditions approximately twenty-five acts are chosen. These acts range from break dancers, singers, musical groups and those who can "rap" with the audience.

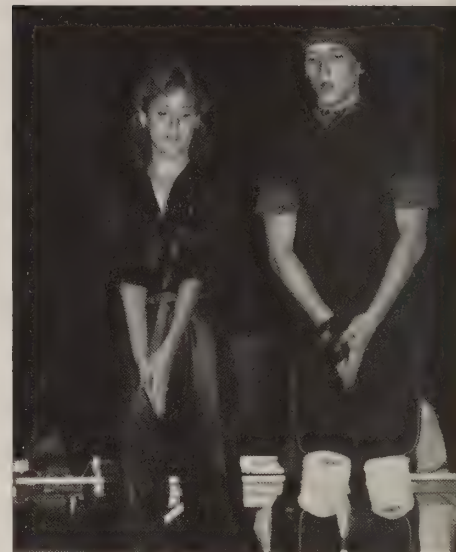

On the night of the show, the auditorium fills quite fast and the crowd awaits the first act to appear on stage. Under the direction of Carolyn Taylor and with the assistance of Clint Smith as Master of Ceremonies, each act gets its chance to show off the talent prepared. Act after act is applauded and the crowd enjoys seeing classmates and visiting performers show off their talents.

After the last act, and the last person has left the auditorium, performers, director and stage help, relax. Another show is over, a good night of entertainment has ended and a handsome profit has been made for the musical activities of the school.

## Nights Can be Special

Nights to remember are often nights that have been planned and thought out for weeks in advance. When the Junior-Senior Prom was held in the month of May, hours of preparation had been put into the evening. Money had been earned by the junior class in a variety of ways to pay for the event. Candy sales, Christmas ornament sales, donut sales and the Miss Hopewell High School Contest were all fund raisers to make money for that all important evening.

Invitations were addressed and mailed to the senior class and faculty. As the time for the dance approached, the decoration committee made plans to make a night to remember. Scaffolding was borrowed to form a ceiling of blue and white streamers and Greek columns were used to transform the gym into an unforgettable ballroom. As the guests and dates arrived, they walked under a white canopy and were greeted with an atmosphere that created a special feeling. This feeling was transferred from couple to couple and as the night drew to a close those attending agreed it was a "Night to Remember."

**It sure was a goofy night** for Lori Jenkins, Nancy Mann, and Keith Ashworth.

**A cool drink can be refreshing** after spending time on the dance floor.

**Adding a little hug** between songs, Angela Terrill and Max Hughes sit the next dance out.

**The flash of the camera** caught the attention of Chris Shepherd and Tammy Miller on the dance floor.

**Two's company.** Meredith Parlier and James Cotman are happy by themselves.

**You do not have to dance** to have a good time says Candace Brown and Mark James.

# Behind the Scenes With the Junior Class

Preparations for the annual Miss Hopewell High School Pageant began long before the actual event. Junior class officers and pageant committees meet and decide the theme, the date, the decorations, and the entertainment. A master of ceremonies has to be chosen and sponsors

must be secured for each contestant. This is only the beginning! Contestants have to come after school and attend several night practices before the contest.

On the night of the contest, ushers from the Junior Class direct a sellout crowd to their seats. Behind the scene, excitement

builds as the girls line up to make their appearance on the stage. One by one, representatives from the class parade across the stage as outside judges rate them on poise and appearance. When the decision is made, screams and tears of joy are shed by all those involved.

The main objective for having the Miss H.H.S. Pageant is to raise money for the Junior-Senior Prom. The junior girls have had a night of excitement and fear as they make their contribution through participating in this school contest.

**There is obvious excitement** in Sonya Griffin's smile as she receives the honor of "Miss Congeniality."

**Showing the excitement** of the evening is Lisa Hartsell, Tonya Johns and Shay Stewart as they are chosen for the top ten.

**All dressed up** and waiting their turn is Delores Haris and Helen Wyche.

**The top ten finalists** in the Miss Hopewell High School Pageant wait for the final outcome.

By attending the College and Career Day activities sponsored by the HHS Guidance Department, Hopewell High School students are —

## Planning Ahead

for their futures after high school graduation. They have the choice of continuing their education through college or getting a job and making a career out of it.

**After discussing vital issues** of our fair city, Mayor Traina takes the time to pose for a picture with students.

**"Does this thing really deflect bullets?"** asks Robin Chambers about a bullet proof vest brought by a Hopewell police officer.

**Adding to their collection** of college pamphlets, Teresa Green and Vicki Caudel talk with a representative of William & Mary.

**"So how much money do you really make?"** ask Jay Weaver and Eric Will.

**These boys decide to "be all that they can be"** as they look over pamphlets brought in by the U.S. Army.

**"Filling out applications is the easy part,"** says Ameta Northington, "the hard part comes later!"

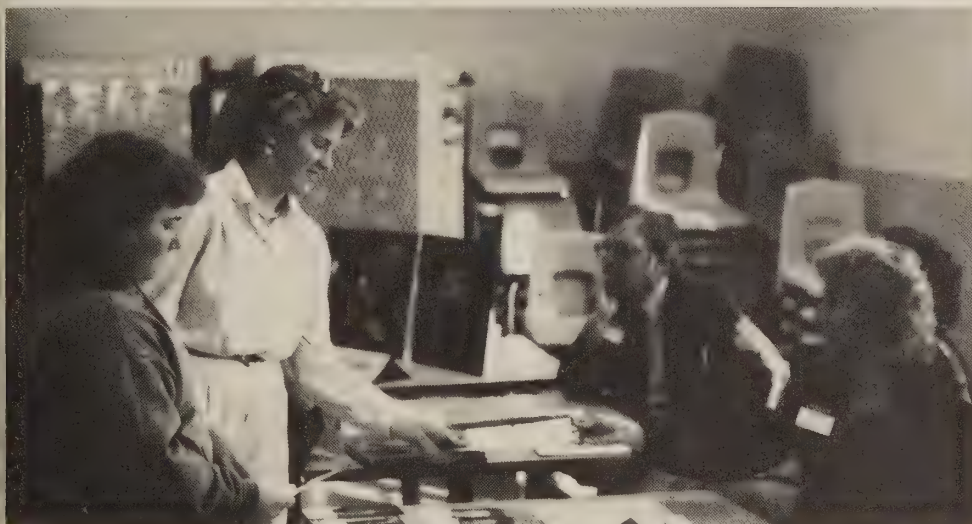

**Checking over makeup samples**, these girls show their interest in the cosmetics' profession.

**R**epresentatives from colleges all over the eastern seaboard came to College Day on October 19th. Before attending College Day, students were asked to prepare questions to ask representatives from colleges they were interested in such as "do you offer athletic scholarships!" to "do you have co-ed dorms?"

If a student should decide to continue his education through college, he should look at all the possibilities before deciding on one particular school. College Day gave HHS students the opportunity to see what area schools had to offer. Besides finding out about financial aid and student tuition,

the students were able to talk to others who attended the college they're interested in and get some idea of the atmosphere of that particular institution.

On Career Day, November 14th, students were able to talk to representatives of various professions. Attending were; nurses, artists, morticians, computer programmers and a number of other professionals in various fields. Students who are deciding on a career could talk with the representatives and find out exactly what kind and how much schooling is required in order to succeed in that profession.

**"I wouldn't mind wearing this to the prom,"** thinks Kerry Buffalow and Donna Bell as they listen to a representative from Lady L.

**Everybody wants to get into show business,** especially these students talking with a representative of T.V. Productions.

**Fashion designing** isn't all it's cracked up to be, discover Cam Vein Ha and Julie Eure.

## Time Will Reveal

When you are low man on the totem pole, there is only one way to go and that is up. The freshman class suffers many hours of teasing and ridicule by what is referred to as the upperclassmen. It seems to take the freshman class one full year to get oriented to the ways of HHS and how to organize to get their class headed in the right direction.

The Class of '87 elected officers and were guided in their efforts by Mrs. Linda Welp. They held the usual fund raising events and added enough money to their treasury to plan their social event of the year. A freshman class dance was held in the Spring and for the first time the members of the class were able to enjoy a planned event just for them. The theme for the evening was "Time Will Reveal" which is a theme that will follow them from year to year. Their time as freshmen will pass and as the years pass, time will reveal more special evenings and special events leading to their senior year.

**"John Travolta, eat your heart out!"** says Tim Smith.

**The best part of dancing** is dancing with a close friend, Gina Stewart and Marc Miller.

**Camera Shy?** Not Lou Ann Waskey.

**The dance would not have been a dance without** the D.J.s.

Caught by the camera between dances, Kim Cain and her date.

Taking a pause that refreshes is Jill Freeze and Jimmy Elliott.

Closeness is what the Freshman Dance is all about for Barry Clark and Tina Ballard.

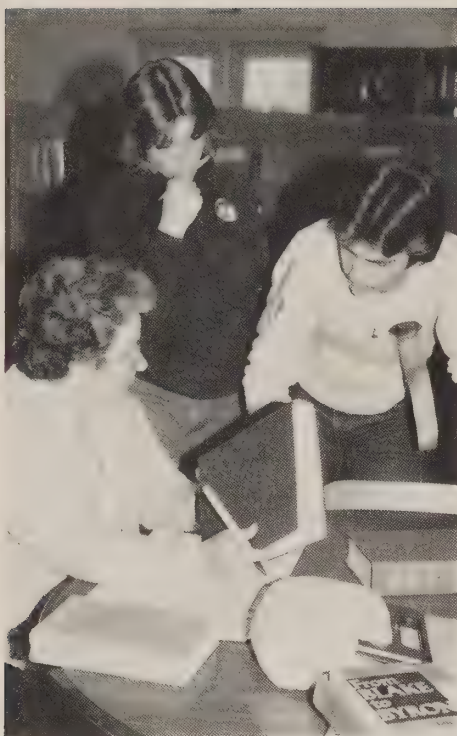

Even though she's not dancing Tonya Bradley is all smiles.

"Pepsi anyone?" asks Gerald Mondejar.

**Senior research papers are prepared** by Bonnie Burney and Tommy Crutchfield with a lot of guidance from Mrs. Jean Garrett.

**Ninth grade English students** make an initial visit to the library to learn their way around.

## Papers! Papers! Papers!

Freshmen, Sophomores, Juniors, and Seniors are all exposed to the atmosphere of the HHS library at one time or another. Students must become familiar with what is found in the library and how this information can be used to help them with papers, projects and reports.

Seniors are especially familiar with the library surroundings because many spend hours working on their Senior research paper. Topics are chosen, notecards are prepared and the rough draft is written. After hours of editing, typing and pondering over just the right words the papers are presented to the Senior English teachers for evaluation and grading. The day the grades are finally received is one of joy and sometimes disappointment for those students who have given much of their school and free time to the preparation of these papers.

**The only way to find a complete reference** for seniors, Randy Monroe and Cora Robinson, is to take to the card catalogue.

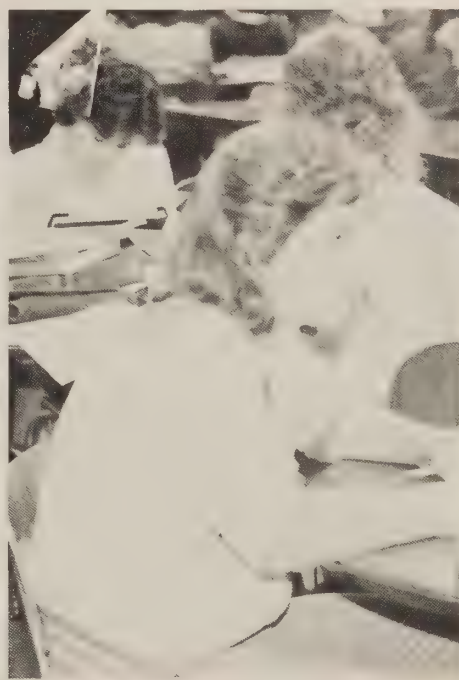

**When the searching gets rough** for Patricia Spates, it's nice to have a teacher like Miss Louise Mann to help with the search.

**Hours are spent** by Claude Ward and Walter Nugent getting the required reference for their English papers.

**Taking a break** from hitting the books, Juniors show off for the photographers.

## Around the Base Paths With the Devils

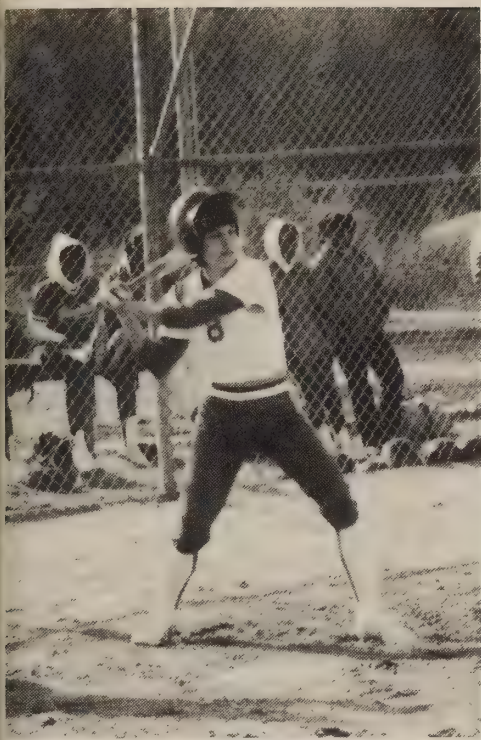

The 1984 edition of the HHS girls' softball team experienced a rebuilding year. The Lady Devils finished with a seven win, eight loss regular season and a seven-nine overall record in the Central District. The young devilettes were in most of the games they lost, but inexperience and

costly mistakes led to their downfall.

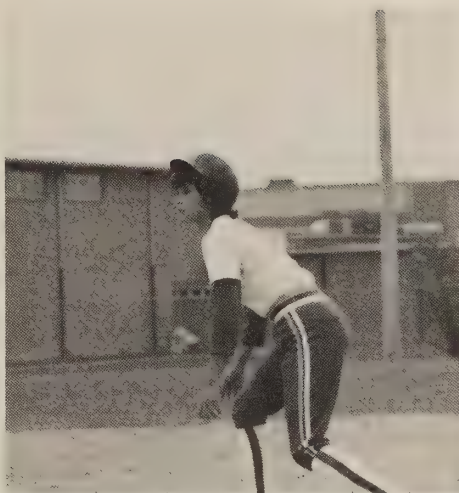

Sherry Connor, Gina Potter and Patricia Earles were the captains of the team. Earles led the team in hitting and received the Most Valuable Player Award. Connor received the President's Award from the Optimist Club of Hopewell.

Although young and inexperienced the team showed a lot of promise. Coach Jane Bishop is very optimistic with the majority of the team returning and hopes that the 1985 team will once again be one of the district front runners.

## Track, it's what's happening!

The Hopewell High School Track and Field Team accomplished a winning season by posting a 3-2 record. The team went through a span of 10 losing seasons before Coach Hoover took the stand last year. Through his coaching ability, 13 track and field athletes received All-District honors and 3 of them were named to the All-Region team.

Bill Myrick and Robin Chambers were the M.V.P.s in track while Rob Howard and Sherita Coleman received the same award in the field.

During the Track and Field season, the following records were broken: hurdles, the 40 meter dash, the 3200 meter run and the pole vault.

The goal of the 1985 Track and Field team is to win the Central District Championship. If their success continues, the Track and Field Team will accomplish their objective.

## Blue Devil Baseball

The Hopewell High School Varsity Baseball team concluded their season with an overall record of 3 wins and 14 losses.

Seniors, Scott Loshkreff and Kerry Burnham were the captains of the team. Loshkreff, who had the best batting average on the team, was named the team's M.V.P. and was selected to the All-District team. Burnham, who led the team with the most RBI's and the most wins for a pitcher, was an honorable mention selection along with Sophomore, Danny Acord. The Most Im-

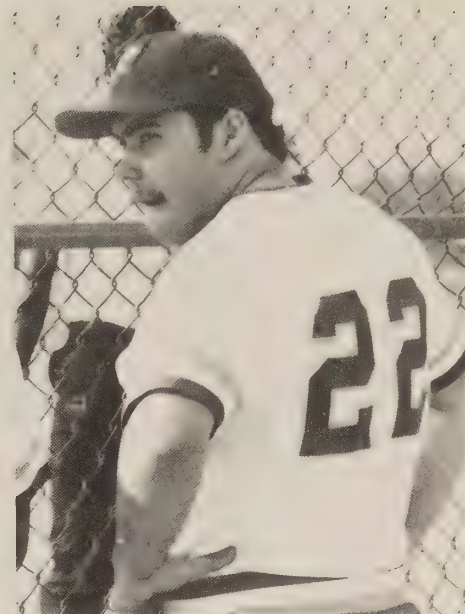

proved Player on the team was senior outfielder, Roger Carmony.

The Blue Devils Baseball team went through some hard times this year, but the J.V. team could make a difference in 1985.

## Junior Varsity Hits for the Fence

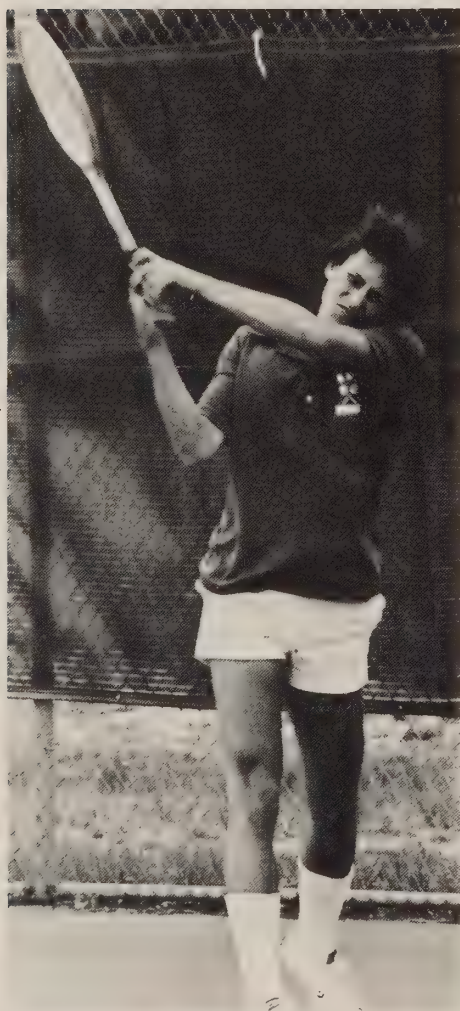

The J.V. Baseball team, under the direction of Coach Pershing, ended their season with a record of 7 wins, 8 losses.

Ricky Nicely, the teams' leading hitter, was the captain of the Blue Devils. Doug Wagner was named the Best Defensive Player while Jimmy Sears received the Most Improved Player Award.

Coach Pershing's team was very young this year and they played with plenty of integrity. Said Coach Pershing, "This team was one of the youngest teams I've coached and I was pleased with the excitement in which they played." He also adds that, "They (the Team) made the year very enjoyable for me as their coach. I'm sure they will benefit the Varsity team as they continue to improve with the attitude of winners."

The Hopewell High School Tennis Team completed their 1984 campaign with an 8-2 district record and an 8-4 overall record.

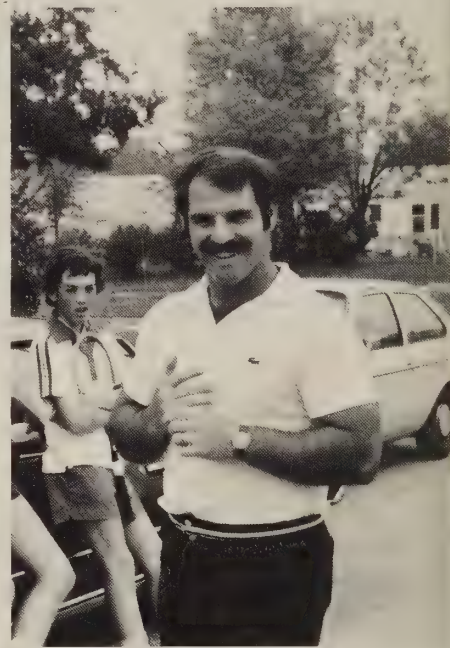

The Tennis Team, led by senior team captain, Sean Timmons, advanced to the Central Region tournament for the fifth straight year. Timmons, the team's M.V.P., won the Central District Singles Tournament and advanced to the Regionals. This was the first year in which the H.H.S. team

has won the singles and doubles in the same year. Senior, Bryan Townes received the Optimist Award while the Most Improved Player Award went to Graham Ousey and Steve Frink.

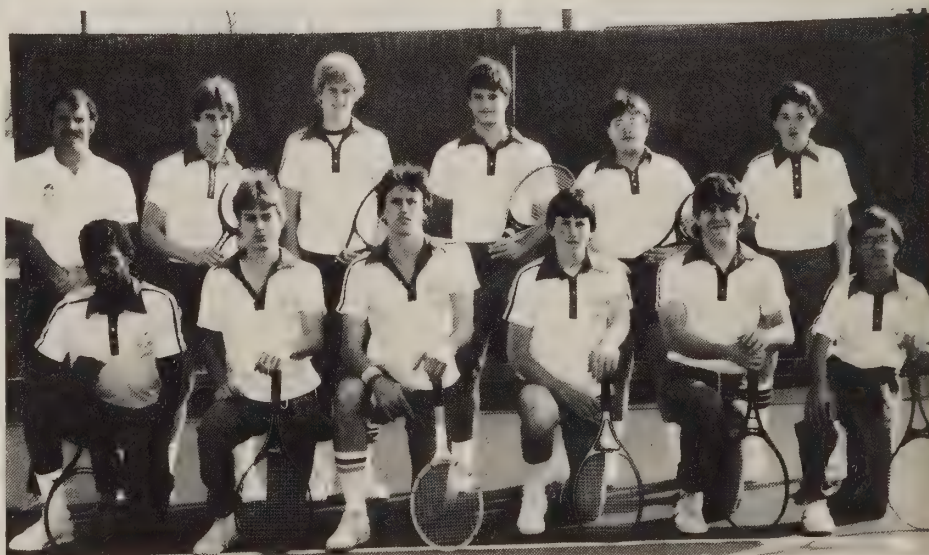

Our Blue Devil Tennis Team had a very successful year. Seniors, Bryan Townes and Sean Timmons, will be gone but the 1985 team should be very competitive for the Central District Championship.

## Girls' Tennis Team, Young but Hopeful!

Girls' Tennis went through a building year. For the first time in a number of years the team was made up of five freshmen and three upperclassmen.

To get the tennis team in the swing of things, a tennis clinic was held in August. Interested girls were instructed by the coach and the senior members of the team. Since this was a building year for the team, the clinic was an introduction to tennis for most of the participants.

Once the team was chosen, hours of practice and match play between team members began. After playing each other on a ladder, the seeds were drawn. This seeding process was used to decide who would play the top positions. Team captain, Linda Oliver, held down the first place seed; with Dawn Frink, second; Sarah Mitchell, third; and Stacy Arehart, fourth.

The overall record for the young team was two wins and nine losses. This record indicates the difficulties of such an inexperienced team. It also indicates the hope of a rewarding season in the years to come. As these girls mature and develop, the future of girls' tennis looks bright for HHS.

## A Record Year for Field Hockey

The Field Hockey team of Hopewell High School established a six win, five loss record in 1984.

Our Field Hockey team, which placed second in the district (5-3), was led by senior team captain, Deena Garret. Garret, along with Dawn Rackley, Sue Bransford, and Lisa Wright, made the All-Central Region Team. These four girls also received team honors as well.

President's Award — Deena Garrett

Best Defensive Player — Dawn Rackley

Best Offensive Player — Sue Bransford

Most Improved Player — Lisa Wright

The future of the Field Hockey team looks bright. The team will be losing only two girls, while three all-regional players will be returning. With a returning roster of twelve girls, the team will be driving for the No. 1 position in 1985.

## Crossing the Line in Time!

The Cross Country Team at Hopewell High School won the Central District Championship in 1984. This was the first time in the history of the sport that H.H.S. has accomplished this victory.

The "RUNNING DEVILS" coached by Mr. Frank Whipp and Mr. Les West were assisted by Co-Captains, Donald Letchworth and Jeff Fitch. Jeff Fitch who was chosen the most valuable player was named to the All-District and All-Regional team and placed fourth in the regional meet. He went on to place thirty-sixth in the state semi-finals at the University of Virginia. Donald Letchworth, Chris Martin and James Holloway were also named to the All-District team.

In Cross Country, the fifth man on a team is just as important as the number one man. This year, a freshman, Ray Pedrick, held down this spot and helped the team considerably. The team finished with a district record of five wins and one loss. The only team loss was to Monacan and this loss was avenged when Hopewell faced the Monacan Chiefs at the district meet.

## Going That Extra Mile!

When the H.H.S. golf team tees off in the Fall they will have had numerous hours of practice on the links. During the second week of August, the team begins to play daily, usually getting in 18 holes each day. While the team travels the golf holes they concentrate on their driving, chipping, and putting. Practice balls are hit off the practice tee and hundreds of putts have been completed on the putting green. Techniques to improve their swing have been tried and each player concentrates on bringing their score down to a competitive range.

The equipment for a golf game is quite cumbersome and as each of these students play they must walk and carry what is needed for the game. The use of golf carts and caddies are not included in high school competition. After walking 9 holes, the players are not only tired from participating, but tired from lugging their heavy golf bags with them. The H.H.S. golf team under the coaching of Mr. Bob Witherow, had a fairly successful season. The team record of 3 wins and 4 losses indicates that the team has work to do but is making some improvement each season.

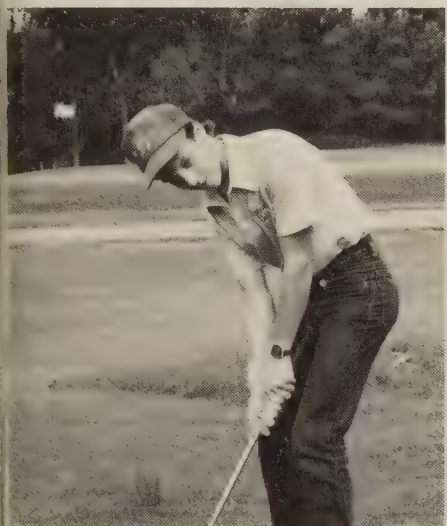

**Checking score cards** after match play is Coach Litherow.

**Chipping can save strokes** for Dorsey Kimbrell.

**Sharp putting** can reduce your score says Tony Meadows.

The Varsity Girls' Basketball team finished the season with a 12 win, 10 loss season. The Lady Devils, coach by Mrs. Bishop, accomplished some major goals. Their 12-10 record gave them the most victories in one season since 1979. Also, in a game versus Dinwiddie, the

girls scored 86 points to give them their highest scoring output in years.

The girls' team also had some outstanding players. Cindy Nicely, the Most Valuable Player on the team, received All-District honors. Senior-center, Delores Harris, received the Op-

timist Award.

Next year's team should be a tough one. Out of the six returning for next year, only three of them will be seniors. The Lady Devils made it to the district semi-finals in '84 and they have the talent to be there again in '85.

## Wrestling for a Win . . .

The HHS wrestling team did a creditable job during the 1984-1985 season. The matmen finished second in the Central District behind Monacan with a 5-2 district record (7-9 overall). With only four wrestlers with varsity experience returning from last season, Coach Ward was very pleased with this year's squad.

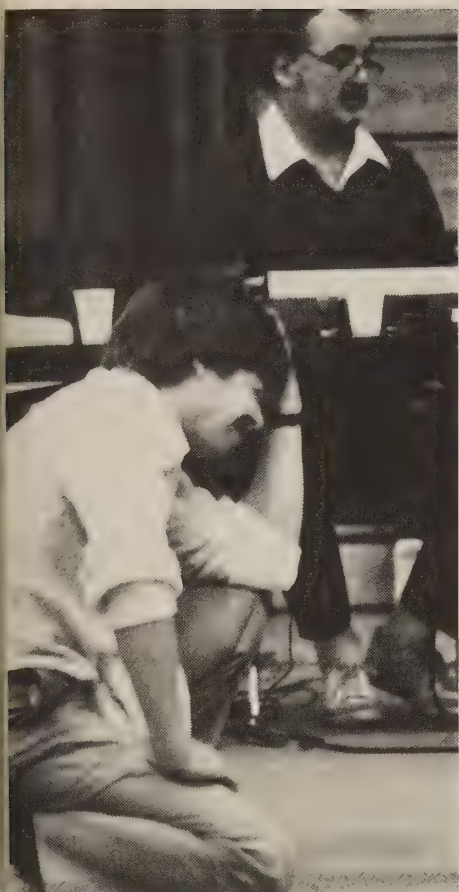

The Blue Devils also performed well in the Central Regional Tournament, finishing a respectable seventh. Individually, Tim Kern, weight class (112) placed second in the regionals while Matt Ellis (119) and Adrian Branch (126) finished third. Other team leaders during the '84-'85 campaign were Steve Creel (167), Bo Hagee (185), Chad Kern (98), Robbie Nesbitt (105), Scott Suddarth (unlimited) and Joey Scarbrough (176).

Great strides have been made in wrestling in recent years at HHS. With increased interest and the desire to keep Hopewell High on top of the Central District, great things are expected from Coach Ward and his future matmen.

## Our Boys Are the Best

It takes determination to be a member of the Hopewell Blue Devils football team.

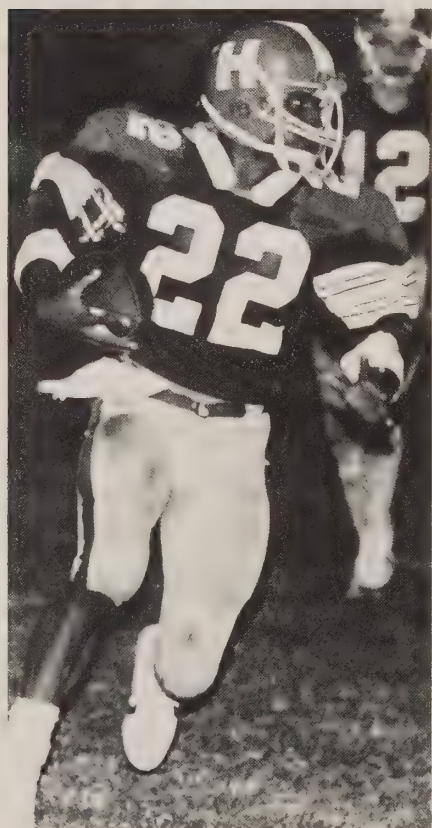

One week after the State semi-final loss to Kempsville, the Blue Devils hit the weights again to prepare themselves for the 1984 season. Lifting weights on Mondays, Wednesdays, and Fridays continued up until the first day of practice. The two a-day practices, along with lifting weights, absorbed the football players' remaining days of summer, but that's what it takes to be a Hopewell football player.

The Hopewell Blue Devils had a very good season. At one time during the season. The Blue Devils were ranked no. 1 in the area poll and ranked no. 2 in the state poll. They had high expectations of playing in post season games, but their dreams were diminished.

The Varsity football team went through some hard times this year, but the spirit was always there. If a student could dedicate himself to the Hopewell Football Team, then he has been put to the test. That's why we believe that Our Boys Are The Best!

The Royals from Prince George can only look on in awe of the Blue Devil defensive end Raymont Tasco.

Make way for Kirk Allen.

Everybody likes to get in on the action including Don Stokes, Keith Hayes, and John Martin.

# 7-2-1

The football team at HHS had a very exciting season. The team was undefeated through its first five games and went on to a 7-2-1 record.

This year, the football team had three captains: Don Stokes, Kirk Allen, and Rob Howard. Running back, Kirk Allen and Linebacker, Don Stokes were named the team's M.V.P. for the 1984 season. Stokes, the leading tackler for the Blue Devils, received All-District honors along with being named to the All-State team for the second year in a row. Milan Gordon, a senior defensive tackle, was named to the All-State second team and the All-Tri-City team. Rob Howard, an All-Tri-City and All-District performer, received the best blocker award. Patrick Pulliam, an All-District performer at center and noseguard, was chosen for the President's Award, and received the Best Academic Award. Quarterback, David Riddle, named the Most Improved Player on the team, received All-District honors along with defensive end, Raymont Tasco.

The 1984 football games were full of excitement. Against Hermitage, the Blue Devils had to hold on to a 13 point lead and eventually won by 6. An interception by Don Stokes salvaged the Blue Devils first victory. On September 14, Monacan received a good ole-fashion whipping as they lost to the Blue Devils by a whopping 34 points. A new rival was also established in 1984 as Hopewell and Thomas Dale met for the first time in several years. The Blue Devils rolled to capture their second non-district win of the season. World War II was revived this year as the Parker brothers, Coach Marshall of Hopewell and Coach Cary of Dinwiddie, met for the second year in a row. In World War I, the Blue Devils were victorious, 15-14. But this year the Blue Devils had to fight back from a 13 point deficit to tie the Generals, 13-13. Homecoming '84 was sweet again as the Blue Devils defeated Prince George to remain undefeated. The Cavaliers of Marshall Walker gave Hopewell its first district loss since 1980. In the following three games, the Blue Devils bounced back to defeat Henrico by 9, Armstrong Kennedy by 20, and Lee-Davis by 21. The finale of the Blue Devils 1984 season occurred at Cameron Field in Petersburg. The Crimson Wave of Petersburg defeated Hopewell by 18 points, it was the Blue Devils worst defeat of the season and it was the first time in three years that Hopewell did not win the District title and reach the Central Regional playoffs.

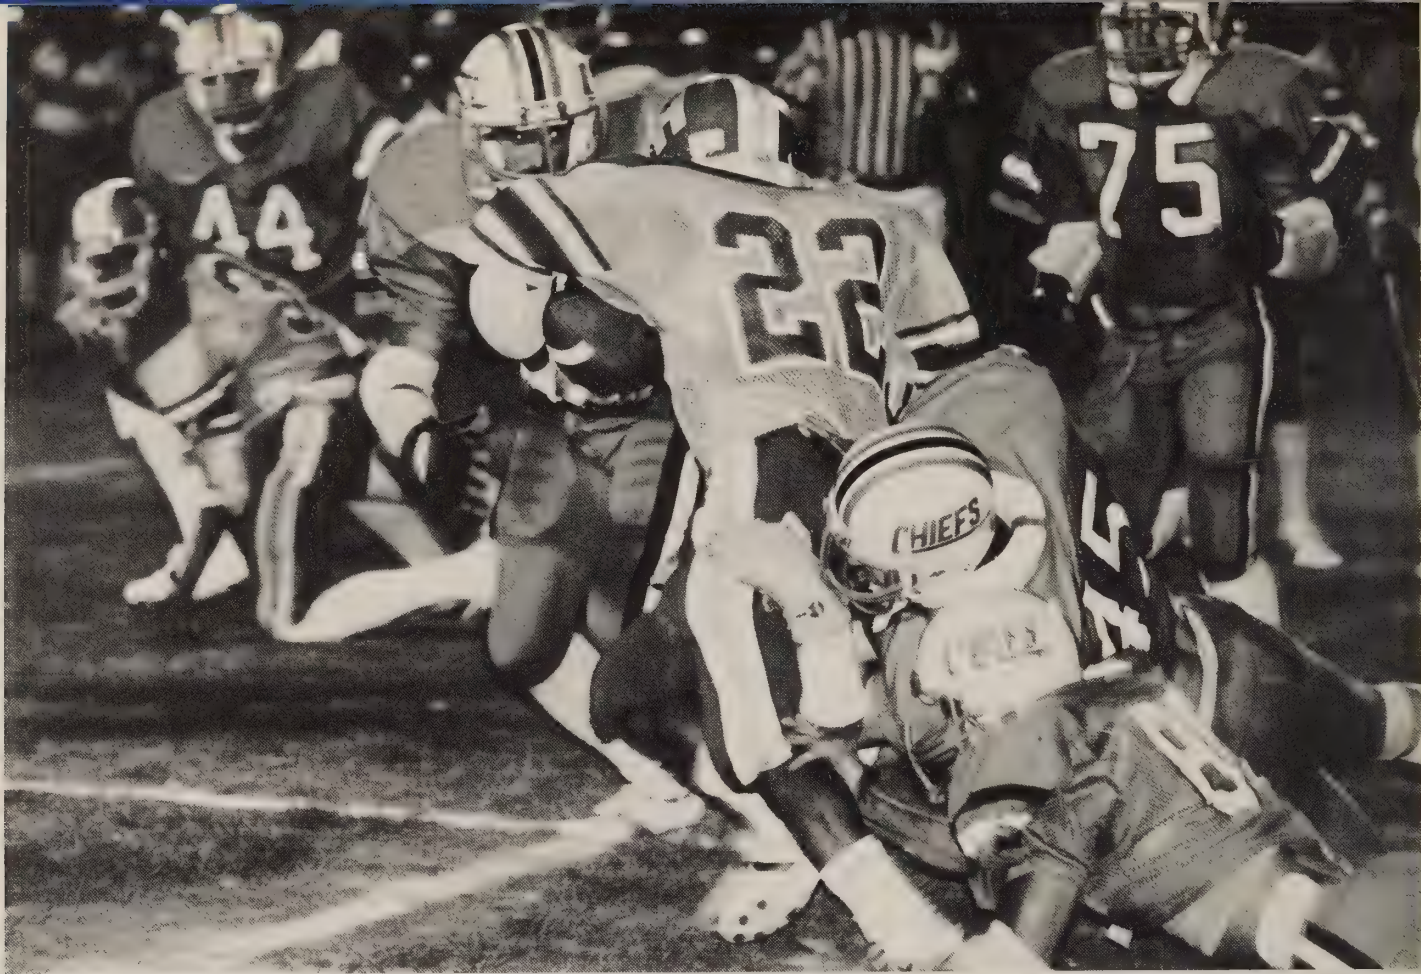

The expectations of reaching post season play were diminished in one game. The 1984 season will long be remembered as the season of what "it could have been."

## Our Baby Blue

The J.V. Football Team of Hopewell High School ended the season with five wins and three losses.

Our J.V.'s, under the direction of coaches: Ward, Hoover, and Hart, started the season off right with three district wins. In those games, our defense held Petersburg, Prince George, and Thomas Dale scoreless while the offense averaged twenty points per game. In the following games however, our Blue Devils faltered. Our J.V.'s lost against Dinwiddie and Marshall-Walker but they bounced back to defeat Monacan and Armstrong-Kennedy the following two games. The Blue Devils ended their season with a "fighting" loss to Lee-Davis.

Our J.V.'s had a sub-par year, but the breaks just didn't dance our way. The acquisition of Coach Hart helped our J.V. team this year so that they may become the BIG BLUE DEVILS.

# No Opposition from Our Competition

Hangin' high and scoring two is Leonard Harris.

Slammin' and jammin' is Raymont Tasco.

The Varsity Basketball team at HHS were the 1985 Central District Champions with a record of 19 wins and 2 losses. The last time in which the Blue Devils won the district title was 1980.

The Blue Devils, the defending Central District Tournament Champions, were led by many outstanding players. Seniors, Derek Thompkins, Lamount Hayes, Leonard Harris, Mark James, and Sophomore, Greg Daniels were the usual starters for Coach Bill Littlepage. The "pine" guys, such as Seniors, Jay Frink, Raymont Tasco, Junior, Nathan Byrd, and Sophomore, Chris "Byrd" Holloway, contributed to the success of the Blue Devil basketball team.

Winning the district did not come easy for Hopewell. They had to face the Crimson Wave of Petersburg several times during the season and defeated them to clinch the Central District. It has been a wonderful year for Blue Devil basketball and hopefully the year is not over as the 1985 yearbook goes to press.

## Future Looks Bright

The J.V. basketball team, under the direction of Coach Bradely, completed the season with a fantastic record of 16 wins and 2 losses. The Blue Devils were led by guards, Nelson Waller and Billy Crockett, forwards, Carl Daniels and Dwayne Henry, and at Center, Lawrence Pettaway.

The Blue Devils lost their second game of the season, but after that game they started a 14 game winning streak. The J.V. Blue Devils continued the tradition of winning and hopefully they will do the same for the Varsity team.

The Hopewell High School Soccer Team completed the 1984 season with three wins and ten losses.

Senior Co-Captain, John Hughes, received All-District honors for the Blue Devils. Hughes was also named the most valuable offensive player on the team while Paul Knode received the same award on defense.

This was only the third year of existence for the Soccer team. Junior Co-Captain Lanny Hartsell will become the captain of the '85 Soccer team. Also, the Blue Devils will have a number of returning seniors to compete with the other teams in the District.

The sport of Soccer has become very popular in Hopewell and with the added success of Little League Soccer, the future of our H.H.S. team looks bright.

## Let's Go Big Blue

"Let's Go Big Blue" is one of the many cheers the varsity cheerleaders at HHS shout at football games. This squad, made up of thirteen girls and three boys, provides the spirit at all football games, as well as girls' and boys' basketball games and at wrestling matches. An added feature to this squad is a school mascot who is portrayed by Chris Dalton. The mascot, dressed like a Blue Devil, appears at most games and urges the crowd to participate in the enthusiasm.

The HHS Cheerleaders spend numerous hours in preparation for the sports events that they support. The varsity squad attended cheerleading camp for four days at Old Dominion University. The girls learned new cheers and were taught the proper way to perform formations. Cathy Webster from the Hopewell squad was selected for the All-American Cheerleading Finals. Other responsibilities that the cheerleaders have include practice, sign painting, and fund-raising, all of these responsibilities are carried out after school hours during the busy cheering season.

Miss Ruxton, the varsity sponsor, also has a number of responsibilities which are important to the cheering squad. As advisor she must attend all practices, and she must assist with uniform decisions, sign painting, and transporting of the squad to away games. Needless to say, Miss Ruxton contributes many hours to the betterment of the squad.

Cheering is a fun experience for those members on the squad, but the fun time does not go without work. To be successful as a "Class A" squad, effort must be made by each member. The HHS cheerleaders obviously put forth the effort!

# Supporting the Baby Blues!!!

Each Spring, cheerleading tryouts are held at HHS. The girls in the 10th, 9th and rising 8th grades are allowed to compete. In 1984, forty-six girls vied for ten positions on the Junior Varsity team.

These ten girls, plus alternates, began practice in the Spring and these practices continued through the summer. To improve their cheering ability they also attended a cheerleading camp in June at Old Dominion University.

With the beginning of the school year, the J.V. Squad began cheering at a number of scheduled events. J.V. football games, Home J.V. girls' basketball, boys' J.V. basketball and home wrestling matches were all part of their busy schedules.

At each of these events the cheering squad displayed their enthusiasm by leading the crowd and by cheering for the teams. They gave a number of hours encouraging the fans to support the young teams at Hopewell High.

**Cheerleading sweaters are just too hot** to wear to those Friday night soc-hops says Frances Scardami.

**Demonstrating that all important school spirit** is Susan Runyon.

# Practicing Outdoors for Indoor Track

For the second year, Hopewell High has fielded an indoor track team. This team, composed of long distance runners, participates in a number of competitive events to strengthen their running stamina.

Although the school does not have the facilities to practice, the team members make the best of the situation. On any given day, the members may be seen running through the city streets dressed warmly for the weather.

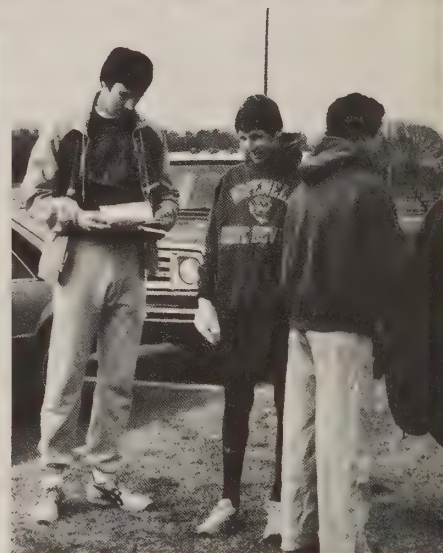

These dedicated runners are anxious to excel at local events and are anxious to keep times down during the long winter months.

Second Row: Coach Les West, Jeff Fitch, Matt Fitch

- Donald Letchworth finished in the 1000 meter run at the Regional Meet held at the Arthur Ashe Center.
- Jeff Fitch placed second in the region and eleventh in the state 2 mile indoor run held at George Mason University.

**Support from all ages** cheer on HHS teams.

**Packing the home side** is not difficult.

**Seniors show they know** how to spell D-E-V-I-L-S.

**The freshman section** makes their presence known at pep rallies.

## If You Can't Play . . . Support the Teams

**The student body ignores the competition.**

Faculty duties and responsibilities extend far beyond the school day. Here, Mr. and Mrs. Dickie Burnley, Mr. and Mrs. Herbert Denton and Mrs. Jack Daniel chaperone the Junior-Senior Prom.

# Visiting Committee Comes to HHS

Every ten years, public schools in the State of Virginia must go through an accreditation process. This procedure is carried out by a state-wide committee chosen by the state education department. Administrators, teachers, and directors of various departments make an official visit to the school and examine all aspects of the school. Curriculum is reviewed, methods of instruction are observed, and files are checked. These visitors leave nothing unturned as they check to see if

the best job is being done.

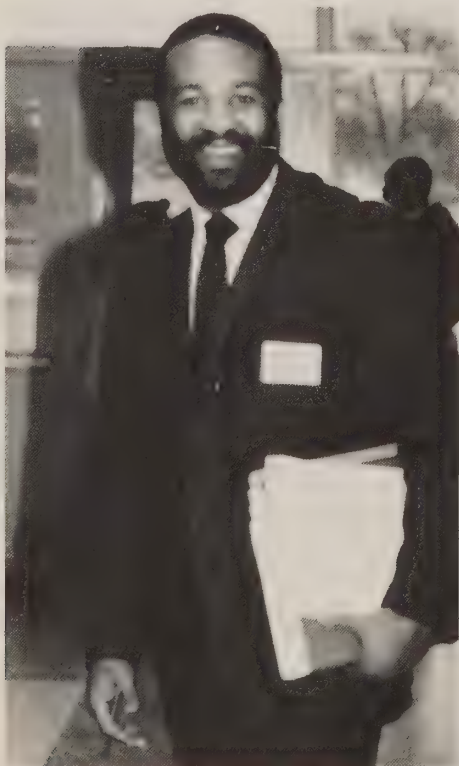

A year before the visit is planned the faculty and staff begin what is referred to as a self-study. A steering committee is chosen and this committee directs the plans for the visitation. Reports must be compiled in the following categories: School and Community, Philosophy and Objectives, Educational Program and Subject Areas, Student Activities, Learning Media Services, School Facilities, and

**Commendations are given** by Rebecca Jones at the Social Studies Department meeting.

**It's been a long week!**

School Staff and Administration. Each of these reports is an indepth study of what objectives the school is trying to meet and what objectives are projected for the future.

Along with the written preparations for his visit, the social aspect must also be considered. The various school departments are put to work preparing menus for the Evaluation Banquet and for the meals that will be provided for the committee

members. Other departments prepare gifts and momentos which will be presented to the visitors as a thank you for the time they have given to this project.

For four days the state committee is quite visible in the halls. These people take notes, do research, and talk with administrators, faculty, and students. After their personal contact with the school population, they spend many hours in preparing a written report of what they

observed. Commendations and recommendations are made at the final meeting of the committee and the school staff. This report is sent to the local school board, to the state department, and is put on file at the school.

As the visitors leave and the faculty and administration reviews the report, many sighs of relief are heard. This visit has proven a success for the entire school and everyone has passed the test!!

cienc. **Department members**, Mrs. Anne Kitchen and Mrs. Carole White, wait for the faculty meeting to be called to order.

**Preparing to meet** with the Foreign Language Department is Miss Betts and Mrs. Rodgers.

**Mr. Daniel clears up last minute details** with Mrs. Smith.

**Everybody waits** in the halls for the final word from the visiting committee.

## In Memoriam

The 1985 Yearbook Staff would like to recognize the contributions of Mrs. Felina Roine. Mrs. Roine, who came to the United States in 1962 from Cuba, began her teaching career at HHS in 1968. Mrs. Roine taught Spanish for sixteen years and served as Activities Coordinator for the school. Mrs. Roine passed away in September of 1984. She will long be remembered as an excellent teacher and a good friend to both her students and fellow workers.

For two years, Mrs. Roine served as Activities Coordinator for H.H.S.

One of Mrs. Roine's favorite events was to chaperone the OAS group to Washington, D.C.

All dressed up for the OAS Banquet are Danny O'Brien, Patti Sumner, Ms. Felina Roine, Beth Comp-ton, Mrs. Mercedes Sais, Bryan Townes, Tina Cabaniss, and Roy Thompson.

# Heading the Staff!

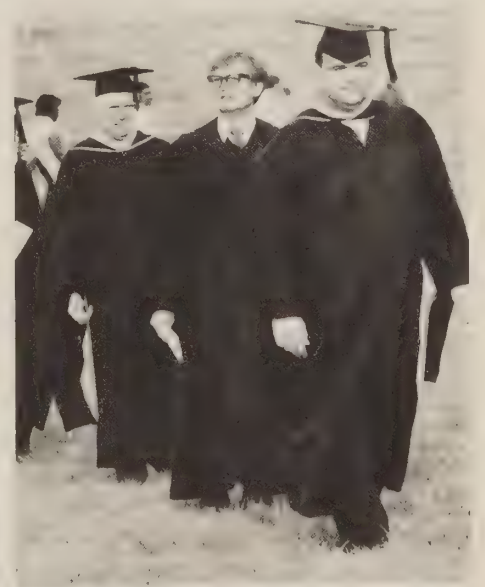

Behind the scenes with a high school principal can often times be hectic. The job of the principal starts as early as six A.M. when a janitor may report the lack of heat or that a water pipe has burst. As the students begin to arrive at school other problems and activities face the principal. He may have to meet with students, parents, teachers or representatives from the various educational boards. He may have to prepare reports which are necessary to keep the high school running smoothly or he may just have to make his presence known in the halls to keep the peace.

Mr. Daniel is a principal much like the one that has been described. He is an easy going administrator that directs and guides a faculty and staff of one-hundred and thirty plus. He also sets an example for a student body of 1278. Even though the responsibilities are great, Mr. Daniel seems to enjoy his job and is always willing to assist in any way possible to keep the school running on an even note.

**Hours are spent by Mr. Daniel** at his desk working on local and state educational reports.

**One of the duties of an administrator** is to help chaperone soc-hops. Mr. Nicholas and Mr. Daniel spend a number of hours with extra-curricular activities at school.

**A proud moment** for all educators is when a graduating class assembles. Mr. Daniel leads the '84 graduation processional.

**Hopewell High School, along with the principal, has three assistant principals** with certain administrative jobs assigned. Mrs. Donna Orr super-

vises instruction and is responsible for attendance accounting. These past two years she also served as Chairman of the Steering Committee for the school

accreditation of the Southern Association of Colleges and Schools.

**School business, school activities,** janitorial services, and maintenance of the school plant are the duties of Mr. Herbert Denton, Assistant Principal.

**Taking command of discipline** and assisting in instructional responsibilities is Mr. Clarence Nicholas, Assistant Principal.

## Hopewell High Custodial Staff

**Always on the sidelines,** Jimmy Covington, has been a Devil fan since the early 1940's.

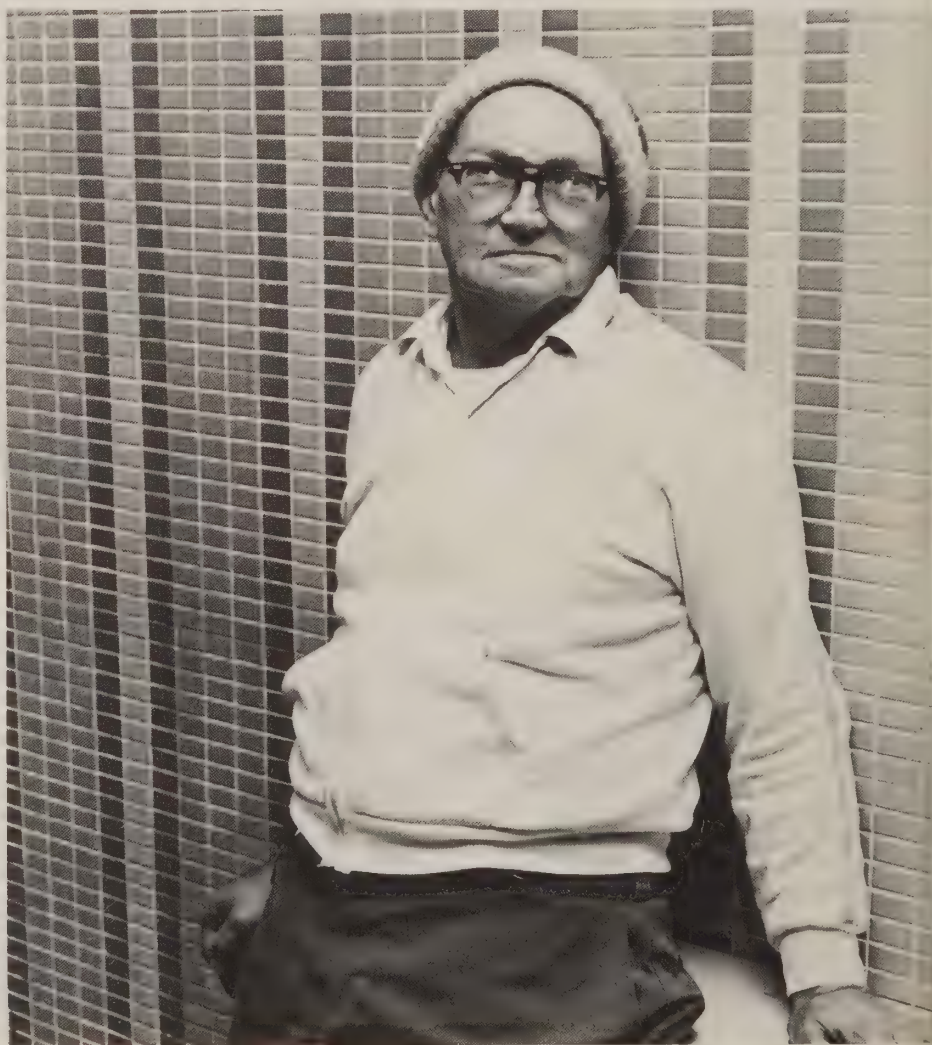

Custodial Staff: Walter West, Marjorie Shaw, M. L. Lockhart, Jimmy Covington, Thadus Pitt, Catherin Crockett

## A Salute to a True Blue H.H.S. Fan . . .

For eleven years, one of the most familiar faces in the hall of Hopewell High has been Jimmy Covington. Jimmy served on the custodial staff and was always busy cleaning and keeping the school in order. He often spoke of the "bad boys" that played tricks in the bathroom or caused trouble in the cafeteria.

During the day he carried out his duties, but after school, he went to work at his first love. He helped in the gym, making ready for fall athletic events and setting up for home sporting events. He always appears at these events wearing a Devil hat and a Devil jacket. Even though Jimmy has retired he still chooses to attend as many sporting events as possible and continues to show his "true blue" love for HHS.

**Resting from a hard days work,** Jimmy Covington waits for the last bell of the day.

Left to Right: Nannie Hendrickson, Maxine Simon, Sherry Emory, Kathleen Young, Mary Tinker, Rassie Honaker, Elsie Firment, June Story, Eva Rollins, Ethel Daniel, Rita Lowe, Marty Davis.

**Not a minute to waste** for Roger Lewis as he "pigs out."

**Taking a moment** out from lunch to unwrap gifts are Tami Miller, Sarah Mitchell, and Linda George.

## A Favorite Place to Be When You Are Hungry

**Enjoying one of his last meals** at HHS is Senior Albert Jones.

When it is time to "grub," there is no better place to be than in the HHS Cafeteria. Students line up early in the "Hostess Cake" line and in the serving lines to get what has been advertised on the menu. Pizza, chicken, hamburgers, and a variety of "a la carte" items are offered on a weekly basis. Students and faculty seem to gather in the cafeteria throughout fifth period in search of something that will satisfy that hungry feeling. Laughing, socializing, and meeting friends are all a part of lunchbreak but the most important aspect of the break is finding time to eat in the short twenty-minute time period.

## MAKING THEIR PRESENCE KNOWN

Whether it be in the classroom, out in the community, or on the dance floor, the faculty of HHS always seems to make its presence known.

Faculty members range from those who are in their first year of teaching to those who are classified as seasoned professionals. These faculty members are diligent in their classroom work and they

are quite cooperative with the extras that go with the school complex. Many spend numerous hours after school, at night and on weekends, assisting the students. Club sponsors, coaches, and dance chaperons attend willingly to the needs of the school and the student body.

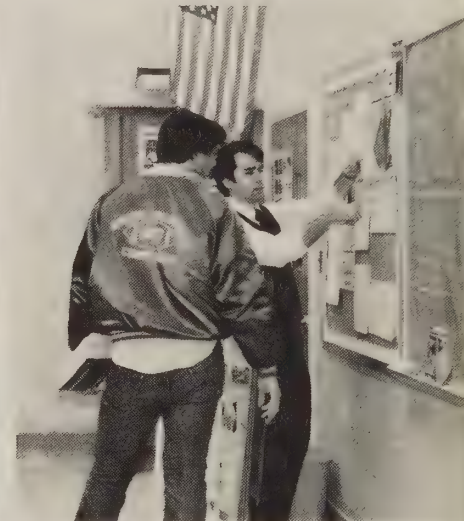

The faculty members that give willingly to their students during and after school

always seem to gain from that experience of giving. These adults that enjoy being around young people are greatly rewarded for a job well done. Students show their appreciation for time given by their teachers and draw from the relationships which occur. Teachers are mindful that teaching is not just an eight to three job, but one that is carried on long after the bell sounds.

**One of the new classes offered at HHS is the Mentor Class.** Mr. Jerrell Sober and three of his mentor students, Michael Young, Scott Suddarth and

Cliff Parson stop for lunch before visiting one of the facilities of interest by this class.

**Checking the date** for the next planned test is Mr. Michael Hayes and Milan Gordon.

**Standing in for the father of the bride** is Mr. Jack Daniel, Principal.

**Making the mock wedding ceremony binding** is "Rev." Bill Littlepage.

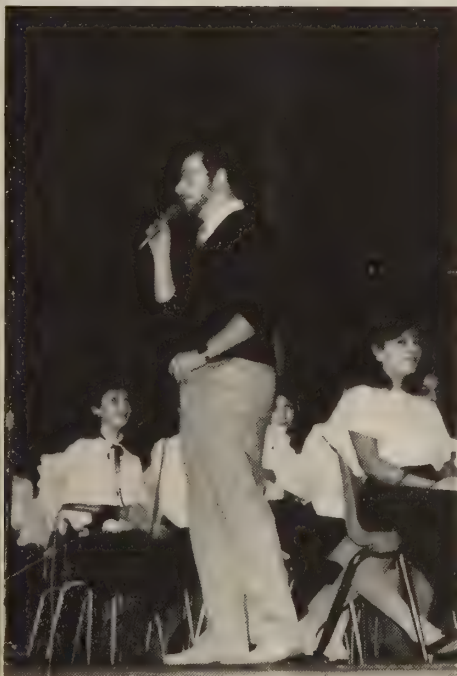

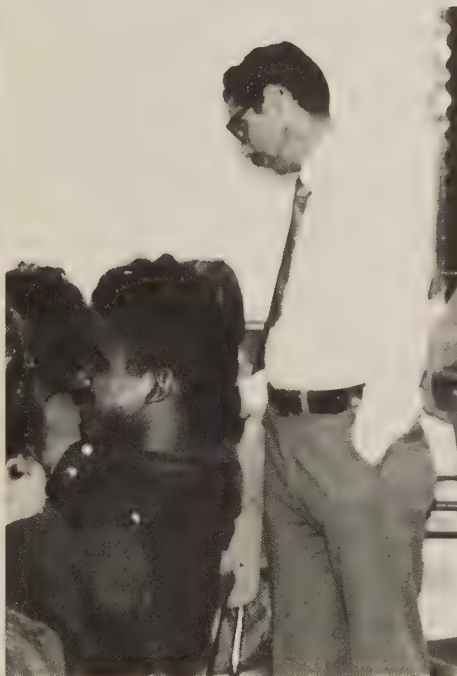

**Greeting the Mayor on Career Day** is Miss Sarah Jones, Senior Guidance Counselor, Danny O'Brian and Debbie Hughes.

**Faculty wives are most supportive** of school functions.

**The HHS "in-house" master of ceremonies** is Mr. Clint Smith.

**Hours are spent** by Mr. Tom Beahm in the computer room guiding students in this new learning process.

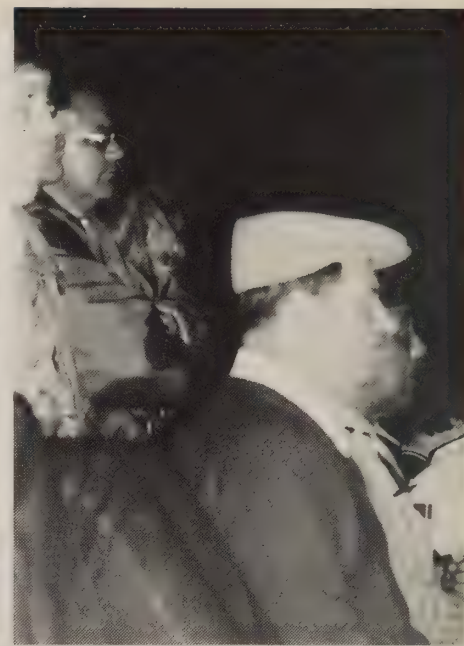

**Waiting for students to ask questions** at Career Day are Mrs. Roxanne Burnley and the visiting veterinarian.

The HHS band is called upon to perform at numerous affairs. Mr. Steve Conley, director, prepares the band to play at graduation.

Friday night football always draws a crowd. Dr. Robert Parlier, Mr. Bernard Epps and Mr. Jack Daniel watch an important play by the Blue Devils.

## We're People Too!

Faculty members are people too. Most teachers have in their lifetime experienced meeting a student in a place outside of school. The conversation goes something like "Oh! do you buy groceries, too?" or "I can't believe you are pumping gas." For some reason, students think that their teachers do nothing but go to school.

Needless to say, once the bell rings, teachers put down their chalk, shut their text and make ready for their other life outside of the school room.

The Chess Club, sponsored by Mr. Michael Hayes, practices for their competition.

Time out from working at the VICA concession stand is called by Sandy Faris and Mr. Henry Bellamy.

Explaining his Earth Science lesson for the day is Mr. Ted Sweetland.

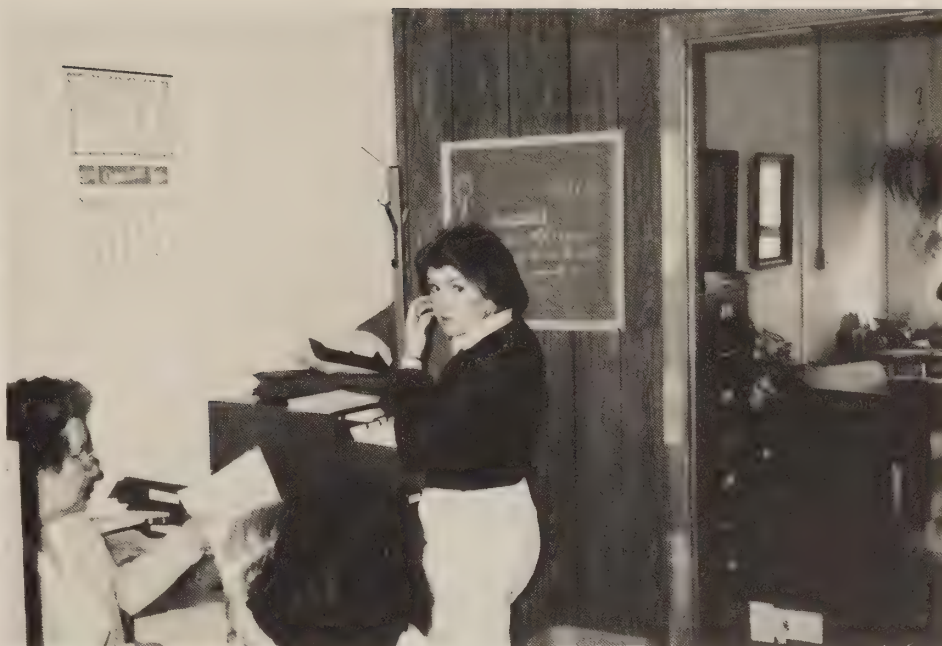

Never too old to play, Mrs. Jane Bishop takes the gym floor for an exciting volleyball match.

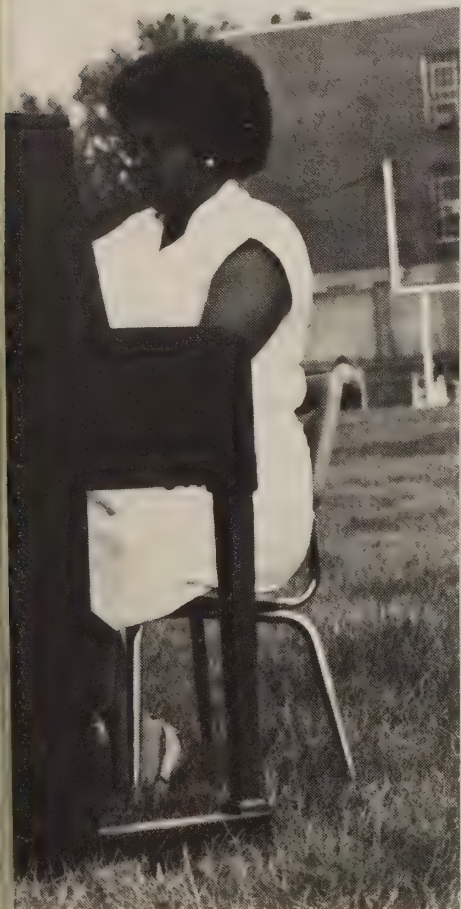

**"Miss Piggy" made a visit** to help Mr. Herbert Denton celebrate his "39th" birthday.

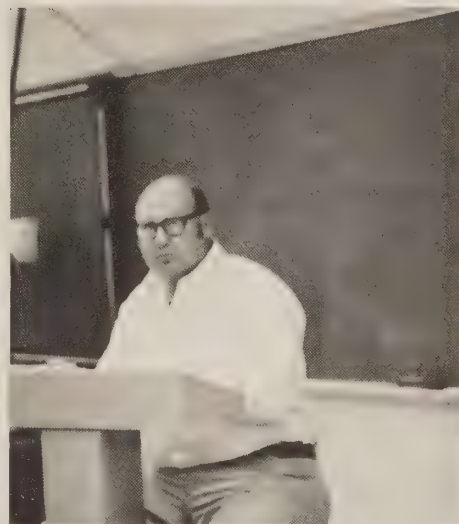

**The attendance office is always busy** as faculty record absences and tardies.

**Founding the cord** for graduation to begin is Mrs. Carolyn Taylor.

**Plowing his garden** is a springtime project for Mr. Larry Hodson and son, Chris.

**Where's that friendly smile** from Mr. Bill Seaman?

**A furry friend pays a visit** to Mrs. Donna Orr on her birthday.

The photo is of the new building which was

# *HHS Students Always*

The favorite place to be during the day is in the cafeteria.

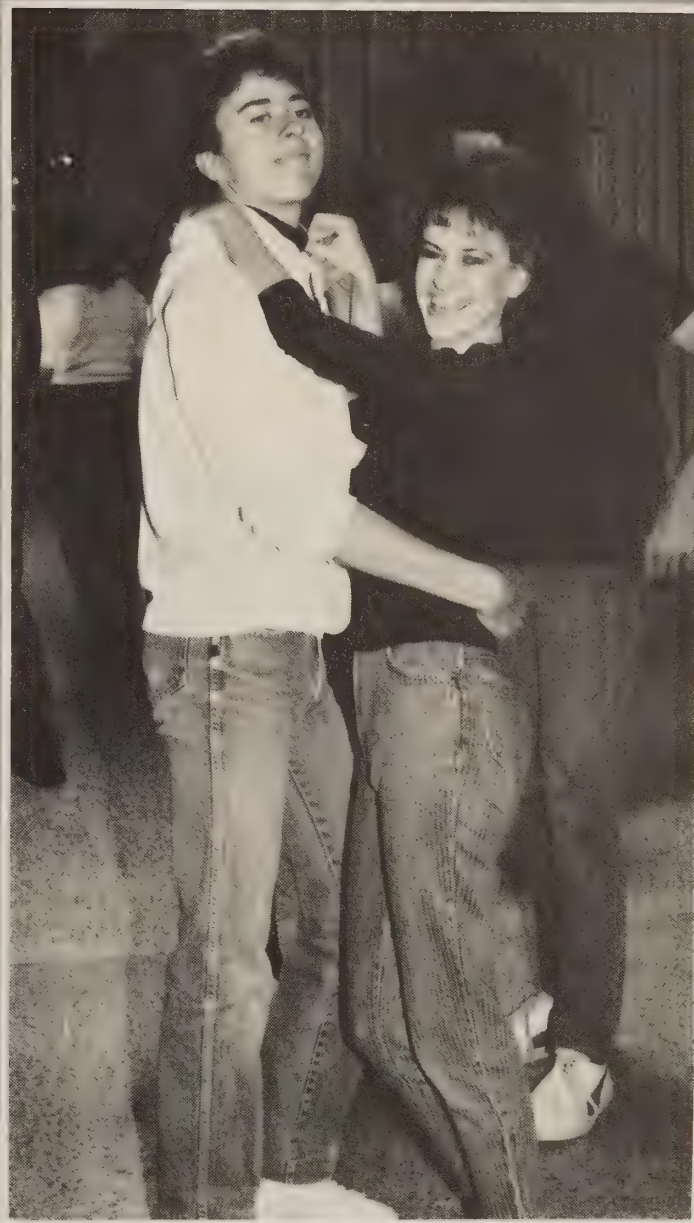

The halls are bombarded at the end of every day.

# ***Stand Above The Rest!***

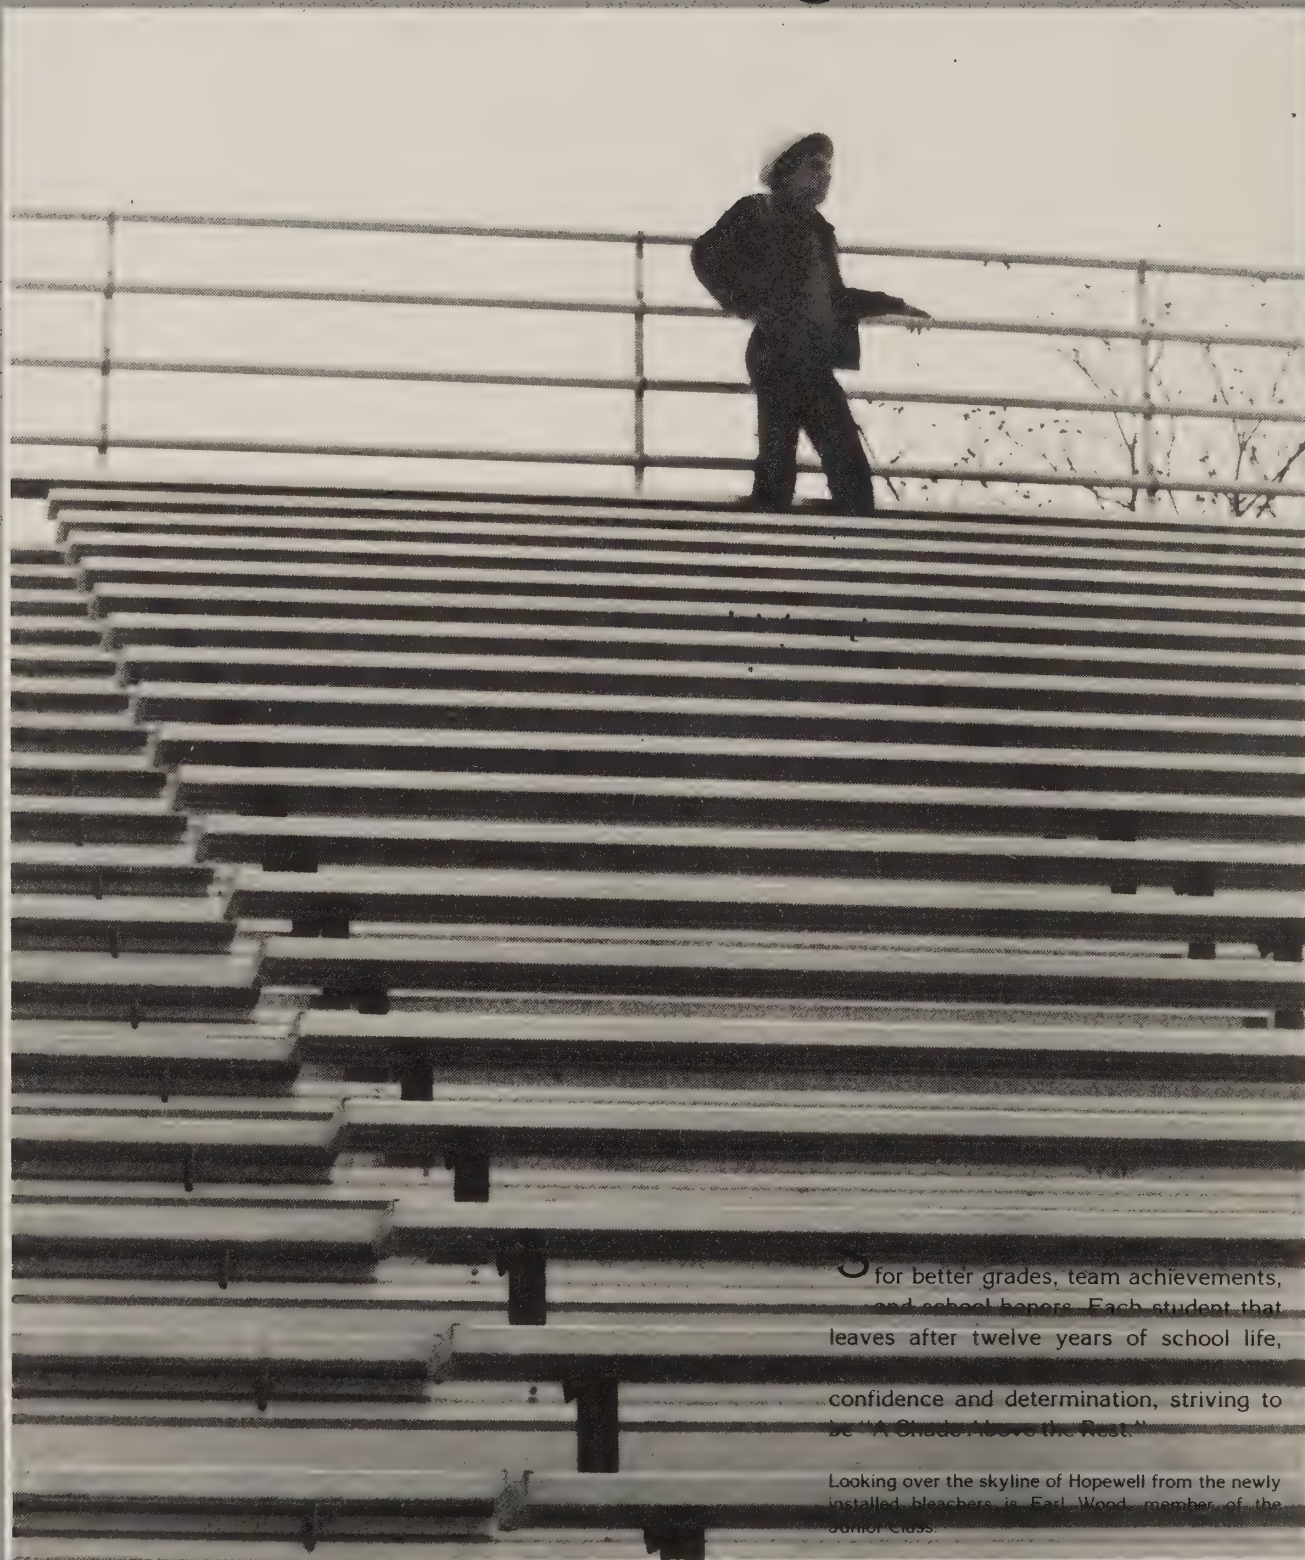

The students always come out to support their favorite sport.

Everybody enjoys the Friday night soc-hops.

# ***Reaching for Heights Obtained Through Effort.***

For better grades, team achievements, and school honors. Each student that leaves after twelve years of school life,

confidence and determination, striving to be "A Shade Above the Rest."

Looking over the skyline of Hopewell from the newly installed bleachers is Earl Wood, member of the Junior Class.

Mike,

Hey Darlin'! What's happening? Well, I'm glad I met you this year. It was fun in Geography most of the time. When you came down off your high horse, we had a blast! So, you're gonna be a jammin' junior next year. Well, I'll be a Sophomore! So it's fun being a Sophomore? I'm sure I'll love it. Just as much as I liked it here this year!

Well, hun, all I can say is you're very smart, and cute, and I think you can do anything you set your mind to. Forget TS. You can have better!

Stay sweet, sexy, <sup>#1</sup>wild & crazy, and

OUT OF TROUBLE!!!! "87"

Blame  
fun at  
St. Vincent's!

CLASS  
OF

"88"

ROCKS!

I WUV,

Love U, See U <sup>next</sup> year!

See ya  
this  
summer -  
maybe at  
Woodale!

Harry #19

Kroyl II,

It's been fun having you in 6<sup>th</sup> period with Hoover. Are you still going to the other school? Anyway - let's get together and bang Theresa this. Well, have a nice summer & I'll ~~call~~ <sup>catch</sup> you this summer.

R. A. Harris

Mike,

I'm really glad I met you this & we became friends even though you were stuck up at the beginning of the year. You've been really great to talk to. You always seemed to know just how to cheer me up when I was down. I'm sorry to hear about you leaving to go to another school. That means we won't be able to see each other that much. If you feel down and dirty and you just wanna talk over the summer give me a call (458-6249) I'll try not to bore you. Well gotta go. Good luck in the future (with Donna)

Love ya  
Jennifer

Well,

In a few more days I'll  
be outta this school and  
I'll be so glad! We joined  
this year didn't we? This  
has been a really good

Sr. year. What are you  
goin' to do when I'm gone?  
It'll be rough won't it?

But you'll be alright, you'll  
make lotsa new friends  
at the P'berg Christain School.

Get up your grades and maybe  
your parents will let you  
come back to good ol' HHS.

I'll call you when I'm at

Radford and you can come  
down and party w/me!!

WE WILL ROCK this summer!!  
LET'S SURF! AND SKATE!!

Your good friend,

Greg B.

muke.

Huy! What's ya been up to? Nothing much (hug)!  
Well I'm glad that I got to know you. Really Glad!  
You are a sweet, cute & crazy guy. I hope you & your  
band make it far. Just keep playing the music & you'll

be okay. IF you know what I mean. I hope I will  
get to see you over the summer. & good luck to you  
& the band. I hope I'll have you in some classes  
next year

Class  
of  
87.

Love ya Always

Mike:

Hey boy! Well  
you sure were a different  
person this year. But you  
were swift. & nice! Good Luck  
with your band, I hope you'll  
make it to the big time!  
Have a nice summer & keep in  
touch! Have fun at Sibbons next  
year!

Love Ya!  
Bridget 87!

WELL DARLIN ITS BEEN A  
"DIFFERENT" EXPERIENCE IN SPANISH II  
THIS YEAR! HAVING YOU TO TALK TO  
MEANT ALOT WHETHER YOU REALIZE  
IT OR NOT. JUST THANKS FOR BEING A  
FRIEND! EVEN THOUGH YOU WERE A  
BRAT SOMETIMES! YOU'RE REALLY  
A GREAT PERSON & FRIEND! I REALLY  
CAN'T THANK YOU ENOUGH FOR  
EVERYTHING YOU'VE LET ME TALK TO  
YOU ABOUT! IF YOU EVER NEED  
ME JUST CALL! KEEP IN TOUCH OVER  
THE SUMMER!

LOVE YA LOADS!

Denise
